

SEE ROAD USING NEW PROCESS

Party of Men, Including Commis-
sioners, Will View Road Re-
paired With Glutrin

IT MAY BE USED ON EAST PIKE

Board Awards Contracts For Coun-
ty Poor Farm Before Ad-
journing Monday Afternoon

The county commissioners, Adol-
phus Cameron, county surveyor,
Hal Green, road superintendent and
E. O. Humes were taken to Colum-
bus, Ohio, today to view a road that
has been treated with the glutrin
process. This is the way the commis-
sioners are contemplating re-
pairing the east pike from the end
of the brick pavement to the county
poor farm.

The attention of the glutrin pro-
cess was brought to the commis-
sioners yesterday and as they had never
seen any roads repaired in this man-
ner it was decided to make the trip
to Columbus at the expense of the
road building firm.

The binder known as glutrin is
made especially for macadam or
stone roads, and as some of the
roads in Rush county are badly in
need of repair the commissioners
believed that the idea was worth
investigating. The glutrin does not
make a permanent highway, but is
said to keep the road in good con-
dition and reduces the cost of fur-
ture repairs. The commissioners and
several interested parties will go to
Detroit Thursday to view some con-
crete roads.

Before adjourning yesterday af-
ternoon the county commissioners
awarded contracts for supplies to
the county poor farm as follows:
meat, Weeks Fresh Meat and Pro-
vision company; shoes, Ben A. Cox;
clothing, Knecht Clothing Co.; dry
goods, Mauzy Company; Groceries,
L. L. Allen. A new book typewrit-
ing machine was also ordered for
the recorder's office. The county
council recently appropriated \$250
for this purpose. The commissioners
will meet next Monday in the first
regular session of the month.

MAN AND WOMAN DIE IN CLEVELAND FIRE

Eighteen Persons Are Injured and
Property Loss Amounts to
\$30,000.

GIRL SAYS SHE WAS GAGGED

(By United Press.)
Cleveland, O., March 28.—One man
and a woman perished today in a
fire that destroyed the Foster apart-
ments. Eighteen persons were in-
jured, some seriously. The loss was
\$30,000.

According to Miss Bessie Reimers,
age 19, two men entered her room
early today, bound and gagged her
and set fire to her bed, causing the
fire. She was carried from the burn-
ing building in a sheet bound and
gagged. Two men are held by the
police for investigation.

The dead are: J. B. Lewis, New
York; Mrs. Anna Simkins.

Fire Warden Kitsch said he will
report that a defective flue leading
from a gas stove in Miss Reimers'
room started the blaze.

OFFICERS FOR THE CITY

Rushville Branch of Sunday School
Association Plans Institute

On the request of the president of
the county Sunday school associa-
tion the Ministerial Association has
appointed officers for the Rushville
branch of the organization. The
officers named T. M. Green, presi-
dent and Prof. Bean, secretary and
treasurer. The local organization
while including all of Rushville
township is really Rushville city as
there are no churches outside of
the city. An efficiency institute is
planned for some time this summer.

PASSION WEEK TO BE OBSERVED HERE

Protestant Churches Will Hold Un-
ion Services Five Nights Pre-
ceding Easter

PREPARATORY FOR EASTER

At a meeting of the ministerial
association yesterday it was decided
to hold union services, alternating
at the different churches, the week
before Easter. The sermons will
follow closely the events of Passion
week and in a way the services will
be preparatory for Easter.

The schedule of sermons follow:
Monday night—Main Street Chris-
tian church, "Christ's Farewell," the
Rev. S. G. Huntington; Tuesday
night First Baptist church, "The
Betrayal," the Rev. W. M. Whitsitt;
Wednesday night—First Presbyter-
ian church, "The Denial," the Rev.
C. M. Yocum; Thursday night—
St. Paul's M. E. church, "The Trial,"
the Rev. J. T. Aikin; Friday night—
United Presbyterian church, "The
Crucifixion," the Rev. D. Ira Lam-
bert.

It was also decided that copies of
the book "The Last Week" would
be offered for sale at these meetings.

TOOTH IS PULLED; LOSES MUCH BLOOD

Loren Vanscyoc, Age 9, of Near
Glenwood, Nearly Lost Life
When Hemorrhage Resulted

HE IS GROWING BETTER NOW

Loren Vanscyoc, the nine-years-
old son of Mr. and Mrs. William
Vanscyoc of near Glenwood, has
been in a critical condition for the
past few days due to the loss of
blood, caused by pulling a tooth last
Monday. He is believed to be out
of danger now as the blood has not
flowed for the past thirty-six hours
and he will probably recover.

The little boy suffered a hemor-
rhage when the tooth was extract-
ed and it was only after the hardest
kind of work that the flow was
stopped and the blood coagulated.
From a week ago yesterday morn-
ing the blood flowed steadily and the
boy fainted from the loss of blood.
The attending physician stated to-
day that the child was naturally
frail and the loss of so much blood
greatly weakened his condition.

MASONIC WORK

Phoenix lodge number
32 F. & A. M. will have a
called meeting Tuesday
evening at 7:30 at which
time the M. M. degree will be confer-
red.

NEW MOVEMENT IS INDICATED

With Tightening of Censorship And
Activity Among Troops De-
velopments Are Expected

SUPPLY PROBLEMS WORRY

Two More Companies of Auto
Trucks Are Being Rushed to
Columbus For Early Use

(By United Press.)
Columbus, N. M., March 28.—
Tightening of the censorship at Gen-
eral Pershing's base and activity
among a large body of troops here
today preparing for some unknown
movement was believed to forecast
important developments in the pur-
suit of Villa. The censorship will
be tightened at all other border
points, also, it was announced.

Another train load of cavalry and
artillery horses arrived today and
the work of clipping them in prepar-
ation for hot Mexican weather be-
gan immediately. Pack trains sup-
plying the advance column south of
Casas Grandes are reported to be
meeting with enormous difficulties
in the mountains.

Antos and motor trucks have been
found impractical in that section.

SUPPLY TRAINS SPEED UP

Communications Problems Are Be-
coming More Severe.

(By United Press.)
San Antonio, Texas, March 28.—
Supply trains between Columbus, N.
M., and General Pershing's field base
at Casas Grandes were sped up this
afternoon as the problems of com-
munication became more severe.
Two more companies of auto trucks,
each consisting of 27 machines, are
being rushed to Columbus for im-
mediate use, and more are coming.

The tremendous work of keeping
the sand logged road open requires
the combined efforts of all the army
engineers in the southwestern divi-
sion.

General Funston said today that
his engineers are fighting under
heavy odds against the possibility
of a tie-up.

No reports were received from
General Pershing today, but belief
at headquarters is that Villa is now
working south from El Oso ranch.
Reports of bandit raids near El
Paso met with derision when called
to General Funston's attention.

VILLA AT EL OSO

(By United Press.)
El Paso, Texas, March 28.—Pan-
cho Villa was at El Oso yesterday,
according to an official message
made public today by Carranza
General Gavira at Juarez. The mes-
sage came from the Carranza com-
mander at Madera and said:
"Villa is at El Oso. Believe that
Colonel Cano is one of our chiefs
closest to Villa. Both ours and the
American forces are harassing Villa
constantly."

This dispatch conflicted with
American reports which told Villa in
full flight toward the foothills of
the Sierras.

NINE MINERS BURNED

(By United Press.)
Bluefield, W. Va., March 28.—
Nine men, badly burned, were taken
from the Tidewater mine at Vivian,
W. Va., where an explosion occurred
today. Many miners are reported
still entombed.

—James E. Watson, junior is
home from Culver Military Academy
for a short visit with his parents.

PUTS QUESTION UP TO GERMANY

United States Cables Berlin to Know
Whether Submarine Sunk Sus-
sex And Englishman

DECISION BY THE CABINET

Reached in Face of Much Feeling
That if Vessels Were Tor-
pedoed no Inquiry is Needed

(By United Press.)
Washington, March 28.—The
United States government inquired
of Germany by cable this afternoon
whether a German submarine at-
tacked the Channel packet Sussex
and the British horse carrier Eng-
lishman.

President Wilson and the cabinet
decided earlier in the day to ask
Germany for any information she
may have concerning the wrecking
of the Sussex by an explosion.

The cabinet believed after having
studied all of the official reports in
the hands of Secretary Lansing, that
there is not enough positive evi-
dence to determine beyond question
that the vessel was attacked by a
German submarine.

The inquiry was sent to Germany
because the evidence at hand has
practically convinced the state de-
partment that the Sussex was tor-
pedoed by a submarine.

This decision was reached in the
face of much feeling among cabinet
men that if the Sussex were a tor-
pedo victim there was no necessity
of asking the nationality of the sub-
marine, since only German subma-
rines have frequented the waters in
which the disaster occurred.

The administration attitude to-
ward attitude toward the sugges-
tion that disavowal will be promptly
forthcoming from Germany if one of
her submarines was guilty was not
changed by the cabinet session. It
is still apparent that the disposition
of the white house and state de-
partment is to demand something
more than disavowal—and the
breaking of diplomatic relations is
not considered too drastic a step in
order to obtain it.

UNQUESTIONABLY PART OF TORPEDO

Fragments of Metal Picked up Off
Deck of Sussex Makes Cer-
tain Cause of Sinking

ONE AMERICAN MAY DIE

(By United Press.)
London, March 28.—Fragments
of metal picked up by British naval
officers aboard the Sussex immedi-
ately after the explosion unques-
tionably were part of a torpedo, the
United Press was informed by an
authoritative source today.

The admiralty has not yet is-
sued an official statement based on
the findings of these fragments. It
was stated, however, that there
could be no possibility that the
metal pieces were fragments of a
mine.

George H. Crocker, one of the
three Americans seriously injured,
is in a critical condition at the Do-
ver hospital today and may not re-
cover.

Crocker, who suffered a fractured
skull and other injuries, rallied yes-
terday but had a relapse last night.
The other Americans are recover-
ing.

REMONSTRANCE IS FILED

Center Township People do Not
Want Concrete Highway

A remonstrance containing sev-
enty-six names was filed this after-
noon in the auditor's office against
the proposed concrete road in Cen-
ter township. This is the James
W. Trowbridge et al., highway, the
petition for which was to have been
presented to the commissioners
yesterday, but which was delayed
until Monday. The road would pass
through Mays, east and west and
would be about three miles long.
The original petition contained
fifty-nine names. Under the law
the remonstrance must be filed with-
in twenty days after the hearing of
the petition. This is the first re-
monstrance filed against any one of
three petitions for concrete high-
ways.

C. I. & W. OFFICIALS VISIT CITY TODAY

Discuss With City Officials Some
Questions Under Considera-
tion, One Crossing Flagging

ALSO INSPECT PROPERTY

Four high officials of the C. I. &
W. railway, from the Indianapolis
headquarters, were here today mak-
ing a personal inspection of the pro-
perty and also calling on local busi-
ness. The party was composed of
B. A. Worthington, president; F. B.
Hines, superintendent; J. A. Sim-
mons, general traffic manager and H.
F. Passell, division engineer.

The officials also met the city
officials and discussed some changes
that have been hanging fire. The
railroad and city have been dis-
cussing some regulations for some
time and the matter was left until
the officials of the railroad visited
the city. One of the things under
consideration was an improvement
in the manner of flagging the street
crossings. Nothing definite resulted
from the visit of the officials here
today.

STEAL 4,000 FEET COPPER PHONE WIRE

Vandals Clip it Out of Line of Bell
Telephone Company in Service
West of City.

DETECTIVES SEEK THIEVES

The most nifty act of vandalism
that has been brought to the atten-
tion of the police in a long time was
reported today by the Bell Telephone
company. A short distance west of
the city four strands of heavy cop-
per wire were cut from the poles for
a distance of six pole lengths. The
wires were in actual service at the
time. A ladder was used in reaching
the wires and something like 4,000
feet of wire was stolen. The theft
was discovered when an investiga-
tion was made to ascertain why the
circuits were not working.

The Bell company maintains a
long distance service through here
and these wires were part of this.
It was stated that detectives had
been placed on the case and arrests
are expected to follow. Copper wire
is selling at fifteen cents a pound
and the haul was a profitable one.

VARIED WEATHER MENUE OFFERED

Rains, Wind Storm And Snow Flur-
ries Mixed With April Show-
ers Promised Next Month

IT WILL START WITH A RAIN

Lightening And Thunder is Included
With Good Prospects For
Some Destructive Hail

Local people who watch the
weather predictions and place any
faith in them will have to keep a
copy close at hand next month to be
informed as to the kind of weather
that is promised for the coming day.
Wind, excessive rain, lightening, hail
and snow are all included in the list
of forecasts by Hicks.

A reactionary storm period is cen-
tral on the 1st, 2nd, 3rd and 4th. It
will be wise to anticipate excessive
downpours of rain at this time. Look
out about Sunday, Monday and
Tuesday, the 2nd, 3rd and 4th, for
rainfalls amounting to local freshets
and floods, with probability of dan-
gerous wind storms and tornadoes.
Close on the heels of these storms,
except change of winds to westerly,
rising barometer, dashes of snow
and sleet over central and northern
sections, with much colder weather
and killing frosts generally.

A regular storm period is central
on the 8th, extending from the 6th
to 11th. Very threatening storm
clouds will develop, and from about
Saturday, the 2th, to Tuesday the
11th, storms of violent to dangerous
character will sweep from west to
east across the country. The as-
tronomical combination bearing on
this period, calls almost certainly
for destructive hail storms in many
localities. If the approaching storm
clouds are fraught with vicious
lightning and thunder, and cast a
copperish glare over the sky and
surrounding objects, make what pre-
parations you can for destructive
hail.

A reactionary storm period is cen-
tral on the 13th, 14th, and 15th.
Great hail storms in many localities
will be reported within forty-eight
hours of noon on the 15th. The
Easter full moon on the 17th, and
this fact promises prolonged dis-
turbances with change to blighting,
cold gales and severe squalls of late
snow, following quickly on the west-
ern rim of high temperature, thunder
rain and hail. The last determined
efforts of Boreas to prolong his
dominion of winter will, most likely,
be put forth, during the two storm
periods between the 12th and 22nd.
Remember this warning and protect
your "garden truck" accordingly.

A regular storm period is central
on the 19th, extending from the 17th
to the 22nd. It will grow warmer,
with south winds and falling barome-
ter in the west. On and about the
19th, 20th and 21st, fierce storms of

The Everlasting Postage Stamp

Josh Billings said that the
beauty of a postage stamp was
that it "stuck right on the job
until it got there."

That is what newspaper ad-
vertising will do if you let it.
It will keep right at it day in
and day out, carrying its mes-
sage to people ready to receive it.

And each time it will be
planting the seeds of the profit
plant.

Advertising is no business for
a udder but it is a mighty force
for the man who knows how to
hold fast.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Glenwood.

Otto Cameron is suffering with quinsy.

The combination sale Saturday was a big success, the total receipts amounting to over 6,000. The Ladies Aid society of the M. E. church furnished lunch, making about \$30. Forty horses, ten head of cattle and many hogs and farm implements were sold.

Will Lewis of Connersville visited here Sunday.

C. J. Murphy is able to be up again after a long sickness.

William Vandiver is clerking Will Richardson's store.

There were no services at the M. E. church Sunday except Sunday school. Quarterly meeting was held at Orange, Sabbath school and preaching services were held at the United Presbyterian church Sunday afternoon.

The teachers and janitors of the Glenwood and Gings schools were entertained at the home of Homer Nash, township trustee, and his wife, with a dinner at seven o'clock Monday evening. The school here has been a decided success this year.

Mr. and Mrs. Elmer Stevens and daughter Janice and Mr. and Mrs. Clyde Matney and son John dined with Mr. and Mrs. J. H. Link Sunday.

Marshall DeArmond visited with his parents, Mr. and Mrs. Harvel DeArmond, of the east side Sunday.

Richland Township.

Clyde Kitchin was at Rushville on business Saturday.

Arthur George and family spent Sunday with Joe Abercrombie and family, at Andersonville.

Stanley Patterson, was the guest of Mr. and Mrs. Will Cloud, Friday night and Saturday.

Mrs. Lowell Lefforge and Miss Sallie Lewis spent Wednesday, with Mr. and Mrs. James Martin.

Leslie Miller and family were guests of Edgar Martin and family Sunday.

Emmet Starkey and family spent Sunday with Jess McHenry and family.

Mr. and Mrs. Verne Lewis called on Mrs. Nellie Scott, Sunday afternoon.

Mr. and Mrs. Ort Meek spent Friday with Mr. and Mrs. Louis Goley.

Miss Sallie Lewis called on Miss Emma Stevens Sunday afternoon.

George Miller spent Sunday with his sister, Mrs. Lowell Lefforge.

The Rev. Mr. Hughes, spent Tuesday with Fred Krugg and family.

Floyd and Herman Kinnett, surveyed the land, Thursday which Ed George purchased at Colter Bros.

Mr. and Mrs. Will Cloud and Mr. and Mrs. Verne Lewis spent Sunday evening with Louis Goley and family.

Mrs. Frank Kitchin returned to her home in Indianapolis, Friday after spending two weeks with her son Clyde and family.

Neff's Corner.

Most all the farmers are busy with their spring plowing.

Several from in and around here attended the combination sale at Glenwood Saturday.

Riley Wilson visited friends at Andersonville Saturday.

Angus Miller has purchased an automobile.

Mr. and Mrs. Maurice Kile called on Chas. Kile and family Saturday night.

Charles Kile and Walter Nienstead made a business trip to Rushville last Saturday.

John W. Ryon, wife and son Edie traded at Rushville Saturday.

Several from here attended church at Hopewell Sunday.

Edgar Martin made a business trip to Rushville, Saturday.

Miss Ruth Moore of Coon's Corner is assisting Mrs. Rosecoe Lefforge with her house work.

Frank C. Moore visited at Laurel Saturday.

It is reported here that James Hedrick has purchased the Dayton Barber farm near Andersonville and

HARTFORD CITY MAN ESCAPES THE KNIFE

Charles Inman Able to Go to Work After Operation Was Avoided.

Charles Inman, 424 East Chestnut street, Hartford City, Ind., was desperately ill with stomach trouble. He was advised to go to Fort Wayne for an operation.

Then he took May's Wonderful Remedy and in a short time was able to go back to work. In a letter he said:

"My disease started seven years ago. I had to give up and go to bed. Four doctors said they could not cure me unless I went to Fort Wayne to be operated on, and that it would cost \$150 or \$200. My daughter saw your advertisement and I took your treatment. In three weeks I went to work and haven't missed but one-half day since from sickness. It surely saved my life."

May's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfied money will be returned.

For sale by FRANK E. WOLCOTT and all other reliable druggists.

will take possession of it next Dec.

Mrs. Matt Bever and daughter Miss Gladys, called on Miss Ruth Ryon Thursday evening.

Hupmobile

What are you interested in when you go to buy an automobile? Is it 70 miles an hour over dead horse hill on high gear; 40 miles an hour from a standing start in ten seconds. A car with so many features that to read the advertisement of it seems more like reading a story in Arabian Nights than a present day creation. Or would you be more interested in how much comfort is built in. And that other item—Cost of maintenance, tire mileage, gasoline consumption, garage bills, those things that vitally effect the pocketbook, in which everyone is interested and about which so little is said.

Will they give me any tangible evidence that I will get the kind of service that I feel I have a right to expect? Proof of the pudding is chewing the bag. Give us a chance to show you what has been done by cars we represent, then draw your own conclusions.

Thursday Matinee and Night March 30

"The Battle Cry of Peace"

This wonderful photoplay is an inspired revelation written by J. Stuart Blackton, shows America's Defenselessness. You see the most beautiful sky line in the world in flames. The Metropolis of the Western Hemisphere Devastated, the Fall of New York, Enemy Approaching, the Defeat of the Meager American Forces, the Landing of the Invaders, Our Forts Destroyed, Our Fleet Beaten in Battle. "The Battle Cry of Peace" is a call to Arms against War. If you have a drop of red blood in your veins, you will experience in witnessing this production a thrill such as you have never known before.

"The Battle Cry of Peace" is next largest to "The Birth of a Nation"

Suitable Descriptive Music by the Princess Orchestra. Time of Shows—1:30; 3:45. Night 6:45; 9:15.

PRICES — Matinee—Children, 15c; Adults, 25c and 35c. Night — Children, 25c; Adults, 35c. Box, 50c

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

Birds Farmer's Friends

As the birds gather with the approach of spring, does the average farmer recognize them as the friends that they really are? No doubt he is well aware of the services that some of them perform, but it would perhaps require considerable argument to convince him that even the hawk are more than offset by their depredation of the crow and the good work in the destruction of harmful insects. That this, however surprising, is true, is shown by a bulletin on the common birds of the farm and orchard issued by the Agricultural Department at Washington.

The entomologists, it appears, have estimated that insects yearly cause the loss of not less than \$700,000,000 to the agricultural interests of the United States, and that this loss would be vastly increased if there were no birds. Indeed, successful agriculture would be impossible without the aid of the birds. The crow pulls up corn and is otherwise mischievous in the spring, as is true, but scientific observers regard him as more helpful than harmful because he eats many insects, white grubs, cut worms and mice. Even owls and hawks destroy vast quantities of insects and harmful rodents.

Birds do not live long but they live intensively they breathe rapidly and have a high temperature and a rapid circulation. In consequence a large quantity of food is necessary. This explains why they devote most of their waking hours to feeding, although they can move quickly from place to place where food is found and feed very rapidly. Thus they destroy incredible numbers of insects. In the stomach of a single hawk, for example, have been found a hundred grasshoppers which represented only one meal. In the retreat of one pair of barn owls have been found three thousand and skulls, 97 per cent of which were of mammals, the bulk of these being field mice house mice and common rats. A tree swallow's stomach was found to contain forty entire chinch bugs and fragments of many others, besides ten other species of insects.

In Texas a single bank swallow was found to have devoured sixty-eight cotton boll weevils, one of the most harmful insect pests known; and thirty-five cliff swallows were found to have taken an average of eighteen boll weevils each. Two stomachs of pine siskins in California and 300 plant lice. A killdeer's nineteen hundred, black olive scales stomach taken to Texas contained more than 300 mosquito larvae. A woodpecker's stomach held 28 white grubs. The stomach of a Kentucky nighthawk (bullbat) contained 34 May beetles, the adult form of the white grub. A New York nighthawk was found to have eaten 24 cloverleaf weevils and 375 ants. Another nighthawk had eaten 340 grasshoppers, 52 bugs, 3 beetles, 2 wasps and a spider. A boat-tailed Texas grackle was found to have eaten at one meal about 100 cotton boll worms and a few other insects. And so on.

The greatest enemy of the birds, which are thus shown to be of such positive economic value, is the house cat. Therefore the farmer, whose interests are directly involved, is advised as are kept and fed indoors as mousers and pets.

RAISE FUSS OVER THE MAIL SERVICE

Rushville And Connersville People
Wonder How Long Morning
Delays Will Continue

WEST MAIL AT MID-FORENOON

Late Three Times Last Week, Causing
Great Inconvenience to
Postoffice Patrons

Not only Rushville but Connersville people as well are wondering how long the delays in the morning mail from the west over the C. I. & W. railroad are going to continue. Three times last week the mail was late, the last time running into mid-forenoon.

To say that local mail patrons are becoming annoyed at the continued delays is putting it mildly. It is a great inconvenience to business people as well as to rural mail patrons. By some, it is regarded as an injustice. They feel that better service should be given because there was no occasion for the repeated delays last week.

It is hinted in Connersville newspapers that a petition may be started for a change in the morning mail service from the west if conditions do not improve.

The Connersville News is quoted as follows, revealing the trend of public opinion in Connersville regarding the services:

Again Saturday morning the mail from the west, supposed to arrive about daybreak, limped in at the middle of the forenoon. It is needless to recite the annoyance which this service or rather this lack of service, causes in Fayette county. The annoyance it occasions the News is light indeed as compared with its annoyance to business in general. The country district, served by rural routes, is discommoded every time it happens. It is, moreover, a condition for which there can be no palliation. Whatever the causes are which make the C. I. & W. drag in a fourth of a day or so behind time with this mail two or three mornings a week, they are not the fault of Connersville people. Connersville people do not want excuses and are indifferent to explanations. What they want is mail, delivered at something like the time at which it ought to come.

As was said yesterday, this thing has become unbearable. If the C. I. & W. want the mail carrying contract it will correct this business at once, or face a strong, almost a unanimous petition, asking that some road or later vintage and a better regard for its contract be given trial.

Local employees of the road grow warm at the repeated mention in the News of the abominable service which the road is giving. These local men, of course, have nothing to do with the mail service. They could do nothing to correct it, try as they might. Neither can they do anything, whether or not they realize it, to stem that tide of public opinion which is setting against the service their company is giving Connersville. Their resentment of comment on this exceedingly public question not only does the road no good, but it does not gain the employees anything.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break up a cold or cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

IMPROVEMENT IS MADE IN ZEPPELIN

New Models Are Longer and Narrower and Have Proved More Manageable in Bad Weather.

NEW BOMB THROWING DEVICES

(By United Press.)

Amsterdam, March 28.—The Zeppelin has been vastly improved lately. There is no doubt that the Germans take it very seriously as a fighting machine. Still greater aerial activity on their part may be expected soon.

The prediction is that of a neutral, recently arrived from Germany, where he had an opportunity to see and hear much concerning the Kaiser's plans for air raiding, but whose name, for obvious reasons, cannot be published.

According to his account the newest Zeppelins is much longer and narrower than its predecessors, the latest form having proved more readily manageable in heavy weather. The gondolas hang much deeper than formerly and a bridge connects them. Both gondolas and the bridge are metal-plated, in the hope that they may prove bullet-proof.

Each new Zeppelin carries about ten machine guns and two or three small cannons. Formerly the cannon were mounted on special platforms. It was found, however, that these were often hit, diminished the craft's efficiency; so at present both machine guns and cannon are inside the gondolas, protected by thick steel plates.

Several new bomb-throwing devices have been adopted. An equipment has also been provided for pouring out poisonous gases upon enemies.

The improved type of air ship is built almost entirely of a combination of aluminum and steel, the rudders have been much simplified and the motors are far more powerful than the older ones.

The Friedrichsafen plant has been increased fully 100 times in size and the number of employees has been multiplied by at least twenty. By April the Germans expect to be able to send three Zeppelins to the front weekly.

The Parsevall and Shutte-Lanz factories are said also to have increased their output at least ten times.

In many German quarters the belief is said to be that air craft will prove the war's deciding factor.

Perfection

The shadow of exaggeration is cast on an ad when the appellation "Perfection" is applied to the product; at least that is our version of it.

So when we tell you of HIGH ART CLOTHES, we will say what is our sincere conviction—that they are as near perfect as modern manufacturing methods, alert designing and fair-play business policy can make them.

Young men will find a host of good-looking models to select from and their seniors will be sure to find their suit made in a model in conformity with their dignity and correct in every detail. Their price is moderate when their value is considered.

Everybody that Does Anything

Has a reason for doing it. I found out during our opening why so many buggy customers bought their buggies of me and one of the reasons was, they could not find what they were looking for, any other place. This was a common expression among the many customers at our opening, "Nobody seems to have a STOCK OF BUGGIES," but when they saw the fine display on our sample floor and found exactly what they wanted it was no trouble to close a deal. We had a nice business and still have on hands a complete line of buggies, and everybody that is thinking of buying a buggy this spring will find what they are looking for on our sample floor.

You don't have to buy what the other fellow has carried over; you can find just what you want if you will come to the right place. Try this plan ONCE, insist on getting what you want in the vehicle line.

YOU CAN BUY IT OF

Prevailing Colors And Shapes For Spring And Summer Wear Displayed

In the pretty settings that had been created in each of the millinery stores for their annual spring openings, which began today, the lovely summer creations in the millinery line made an especially good showing. Rushville ladies thronged throughout these bowers of fashion, where the latest and prettiest of the spring models were exhibited. In each of the shops, decorations and colors harmonizing and blending with the prevalent millinery tones on exhibit were used.

The prevailing modes would be hard to define. There are the lovely big summer hats, with broad rims and flat trimming; there are the semi-dress hats attractive with an abundance of brightly colored ribbon in bewitching bows; and there are the chic spring shapes and sailors, more tailored, but none the less attractive. Rose, grey and various shades of blue prove to be the most popular in all the styles.

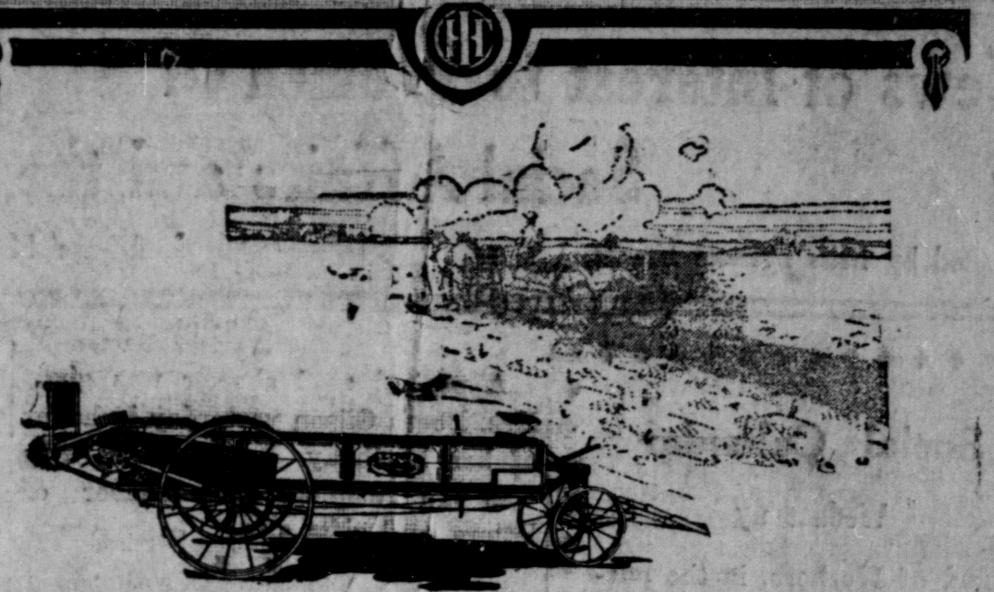

At the Neutzenhelzer Shop, huge palms were in the show windows, setting off the pattern hats that were very attractive. A pretty line of the artificial flowers that are predicted to be popular this year, as well as a beautiful display of spring models were shown.

Black and white, the popular combination, was used in decorating the Davis Millinery Store for the display. With strands of crepe paper of these colors, a lattice work was interwoven above the shelving. The hats were on black and white hat stands and a huge striped hat box, tied with a cerise ribbon was in the show window, where picture hats in different tones of pink and the rose shade were displayed. Flower baskets also hung in the window, and palms and lilies aided in the beauty. Banks of pink potted flowers and palms, from behind which strains from the Edison floated, filled the corners of the room. An extensive line of the new shapes was being shown. The becoming and quaint poke bonnet shapes and styles that have been made popular by the southern maids, were shown for summer wear.

Tiny French baskets, filled with flowers that suggested the new shades to be used in the millinery wear for this and the coming season, were everywhere in evidence at the opening at the Plough Millinery Store. Topping the posts which separate the booths, where the ladies

With a background of white, the show window at the Dixon Millinery Store was made attractive with greenery, box wood plants, lilies and roses, in the midst of which a Leghorn hat, in Hague blue was shown. Grafonola music from behind the bank of greenery entertained the ladies who were shown the latest in the small spring styles and the larger summer picture hats. In the pretty floral setting, the dainty new shades looked more than attractive.

The opening which began at the Cosand Millinery Store last week, continued throughout this week. An extensive display of the many new shapes, sizes and shades has attracted the lovers of the latest in a millinery line as well as fashion itself. Miss Agnes Winston, although she is announcing no formal opening, is showing a number of new shapes, flowers and ribbons all the time.

A Low Spreader With Plenty of Clearance

YOU will notice at once on seeing the **Low 20th Century** spreader how low the box is. The top of the box is only 43 inches from the ground. This point is valuable. The waist-high box will save you all of the hardest work of loading because the real strain of pitching manure comes in lifting it above the waist line.

Still there is ample clearance underneath for work in rough fields and soft yards. And you will have no trouble because of lack of traction. The drive wheels of the **Low 20th Century** are well under the load, supporting the greater part of it. This position of the rear wheels also lightens the draft. A third point is that it does away with the tendency to sag that would be present if the box were suspended between front and rear axles.

Drop in at the nearest dealer's where you can see the **Low 20th Century**—a trouble-proof, sure-satisfaction spreader.

International Harvester Company of America

Thin Women Surprised

And one day there comes to most of us the conviction that we, too, must have help—help that rebuilds, restores, replaces the nervous energy that has been so recklessly expended.

It is then that the kindly, tonic influence of Tonoline is appreciated. For after all, that need of help is often but the nerves' need of nourishment.

And when Tonoline brings to the starved cells and tissues the very foods they hunger for, in just the form that is mostly easily taken up, it is not long before relief comes.

We are receiving letters daily from grateful people telling how Tonoline has reconstructed cell and tissue, enriched the blood, produced keener appetite and better slumber and infused the whole system with new vigor.

Prof. B. writes: "I have gained 50 pounds since taking Tonoline and am now at just the weight I desired to be. I can recommend Tonoline to any thin person."

For women who can never appear stylish in anything they wear because of their thinness this remarkable treatment may prove a revelation. It is a beauty maker as well as a form builder and nerve strengthener.

MEETING CALLED OFF

The meeting of the grand jury scheduled for Wednesday has been postponed on account of the illness of Prosecutor Stevens, who is suffering from mumps. The grand jury will now meet one week from Friday.

ANOTHER RUNAWAY BOY

Chief Yakey received word from Shelbyville last night to look for another runaway boy from that city, who left with the intention of joining the army. The boy is fifteen years. No trace was found of him here.

TO BAR GERMAN STUDENTS

Bill Would Prevent Endowments at
Oxford if Passed.

(By United Press.)

London, March 28.—A bill has been introduced in Parliament to change the conditions of the Rhodes Scholarship Trust so as to eliminate endowments for German students at Oxford.

There were 15 of these scholarships provided by the late Cecil Rhodes, of 250 pounds (about \$1,250) each, nominations to be made by the Kaiser. The endowments, like those to American students, were made in the belief that "a good understanding between England, the United States of America and Germany would secure the peace of the world, and that educational relations form the strongest tie."

The move to undo Rhodes' work is a tacit admission that, so far as Germany is concerned, his idea, generous as it was, was mistaken.

Physicians Prescription For Rheumatism

Business and professional men of large means who have taken expensive baths at famous resorts and have spent money lavishly to rid themselves of the tormenting agony of rheumatism have turned to Rheuma and got well.

When Rheuma goes in, poisonous secretions go out. No opiates or narcotics are used. Rheuma drives out the cause of rheumatism and speedily brings comfort and health, and most druggists will admit it.

Two bottles of Rheuma will cost you a dollar of F. B. Johnson's drug store or any druggist, and if this purchase does not bring you the freedom from pain and misery you expected, your money is waiting for you.

(Advertisement)

Kill Germs and Save Human Life

The menace of militarism, the horrors of war and the toll of death taken in all frightful accidents is as nothing compared to the danger of unseen deadly germs.

Even in war itself the toll of human life taken outright by the whizzing bullet, the bursting shrapnel, or the piercing steel is less than that caused by the unseen deadly germs that attack the wounded and well alike.

Human life will be lengthened and human happiness increased when we learn better to guard ourselves against the danger of the ever present germs of disease.

Powdered boric is one of Nature's most wonderful gifts to man, for it enables us, through antiseptics, to ward off the danger of infection.

Owing to its wonderful antiseptic properties it cannot be too highly recommended for liberal use in the care of persons wherever and whenever exposed to the germs of disease.

Pure powdered boric may be used with absolute freedom and safety in all the natural cavities of the body. To realize how healing it is, yet how safe, we have but to recall that the physician almost always prescribes it as the principal ingredient of an eye water.

The manufacture of powdered boric has been brought to such a high degree of efficiency by one concern that if we always remember to specify "20 Mule Team Powdered Boric" we know that we have the real article in full strength.

On every package of 20 Mule Team Powdered Boric will be found directions for its multitude uses and the expense is so little that no one should ever be without it.

A solution of 20 Mule Team Powdered Boric in water makes an absolute and positive antiseptic for all personal use. It is excellent for a shampoo, for it kills the germs which makes the dandruff that spoils the lustre of the hair and causes it to fall out and cease to grow.

It should be used as a mouth wash on account of its antiseptic qualities whenever there is the slightest danger of having been exposed by being brought in contact with persons suffering with colds, sore throats, etc.

To overcome the unpleasant effect consequent upon excessive perspiration the use of 20 Mule Team Powdered Boric will give great satisfaction, making everything sweet and clean and healing any abrasion that may have occurred.

A hot foot bath with a liberal quantity of 20 Mule Team Powdered Boric will make the feet feel ten years younger.

For the baby a liberal dusting with 20 Mule Team Powdered Boric not only assures freedom from chafing but helps to maintain an antiseptically clean condition on the little body.

To any cut or abrasion 20 Mule Team Powdered Boric should be freely applied.

20 Mule Team Powdered Boric is a foe to germ life.

It should be on the dressing table of every dainty woman and liberally used in every household where health is prized.

Authorized representative will soon call at your home and make arrangements for you to obtain, FREE, a full size package of 20 Mule Team Powdered Boric from any of the following druggists:

Wednesday

Band of Workers, in the parlors of the First Presbyterian church in the afternoon.

Ladies Aid society of the First Baptist church, in the afternoon.

Tuesday Afternoon Bridge, with Mrs. Clarence Cross at 830 North Perkins street in the afternoon.

Penny supper, at Red Men hall given by Mahoning council from 5 until 7 p. m.

The members of the Grand Club will be entertained on Thursday afternoon at the home Mrs. A. L. Riggs in North Perkins street.

The Band of Workers of the First Presbyterian church will give an Easter market and apron sale on Saturday, April 22nd.

Mrs. C. M. Yocum, Mrs. Jess Pugh, Mrs. Clark Stough and children saw "The Birth of a Nation," in Connersville this afternoon.

In the spacious Red Men Hall, the Penny Supper to be given by the members of Mahoning council tomorrow evening will be especially pleasant. Extensive preparations are being made to accommodate the visitors, and everyone is invited to attend. Supper will be served from 5 until 7 p. m.

A postal card shower was given Mrs. Bess Gilson yesterday in honor of her birthday anniversary. She was the recipient of a number of letters and gifts also.

The Ladies Aid society of the St. Mary's Catholic church will meet on Thursday afternoon with Mrs. Frank Abercrombie, of West Fourth street, who will be assisted by Mrs. Jacob Schantz.

The most elaborate dance in the series being given by the Knights of Pythias in their hall will be the one Thursday evening of this week. Plans to decorate the hall appropriately for the event are being made and Mitchell's three piece orchestra will play for the affair.

Deviating from their regular custom, the members of the Coterie Club, when they were entertained by Mrs. C. M. George yesterday afternoon did not have a regular program but enjoyed a charming social time together instead. Nine members gathered to participate in a pleasant afternoon together, while the hostess served a tempting repast at the close of the affair.

OYSTER SUPPER

At their pretty country home near the city, Mr. and Mrs. Claude Hilligoss entertained last evening with an oyster supper. Following the repast, Rook and music amused the guests with a lively zest. In the company were Mr. and Mrs. Will Hasty and children, Mr. and Mrs. Calvin Hungerford, Mr. and Mrs. Jesse Hungerford and family, Miss Ethel Coers and Herman Downs.

Mrs. Nellie B. Hall, the great Pocahontas of the order of Pocahontas, spent a few hours here yesterday afternoon with Miss Anna Gilson and Mrs. Mary Schropshire. Mrs. Hall was on her way to Shelbyville from Connersville.

Mr. and Mrs. J. L. Rich of west of Raleigh had several guests Sunday evening, when a delicious supper was served and a pleasantly informal evening was spent. The guest list included Mr. and Mrs. Eli Martin, Mr. and Mrs. J. L. Nipp and Mr. and Mrs. Ralph Miles.

THEATRE-GOERS

Among those who attended "The Birth of a Nation" in Connersville last evening were Mr. and Mrs. Willard Amos, Mr. and Mrs. Walter Duke, Mr. and Mrs. John Walker, Mr. and Mrs. Bert Davison, Mrs. Lou Weeks, Miss Mary Jackson and Mrs. W. T. Jackson.

PARTY IN GREENSBURG

Invitations have been received here by a number of Rushville ladies for the third in a series of parties being given by Mrs. Louis Zoler and Mrs. Thomas Davidson of Greensburg, both of whom have a number of friends in this city as a result of their visits here. Those invited to this affair on Friday are Mrs. Frank Wilson, Mrs. Chauncey Duncan, Mrs. J. C. Sexton, Mrs. D. C. Green, of Salt Lake City, Mrs. A. L. Riggs, Mrs. Guy Abercrombie, Mrs. Phil Wilk, Mrs. Donald Smith, Mrs. Claude Cambern, Mrs. Will E. Havens, Mrs. T. W. Betker, Mrs. Theodore Reed, Mrs. Will M. Sparks and Mrs. Robert L. Tompkins.

The Pythian Sisters will have a called meeting this afternoon at 7:30 p. m. All the business that would come before a regular meeting will be brought up and a large attendance is desired.

BOWLING CLUB

The first meeting of the first bowling club organized here will be held this evening at the bowling alleys. The congenial crowd that comprises the organization anticipates a jolly evening together. Members of the club include Mr. and Mrs. Lote Carter Mr. and Mrs. W. O. Fuedner, Mr. and Mrs. Norm Norris, Mr. and Mrs. Howard Mahin, Mr. and Mrs. Ed Pitman, Dr. and Mrs. Charles Green, Mr. and Mrs. Charles Offut, Mr. and Mrs. Walter Easley, the Misses Jennie Riddle, Bertha Monjar and Hettie Retherford and John Worthington, and Charles Stiffler.

WITH LIFE MEMBERS

The life members proved to be royal little hosts and hostesses last evening when they entertained the members of the Young Ladies Mission Circle at the home of Deryl Case. An excellent program composed of musical numbers and recitations, was given by Miss Della Downey, Mrs. Russel Barringer, Mary Elizabeth Waggoner, Virginia Lucas, Mildred Boys, Viola Jay, Cyrus Yocum, Graham Pugh, and Donald Dean. The life members assisting in dispensing hospitalities were Mildred Boys, Viola Jay, Cyrus Yocum and Deryl Case. The program was followed by a delightful social hour together when refreshments were served.

BIRTHDAY DINNER

Miss Ruth Owen, daughter of Mr. and Mrs. Charles Owen of Orange township entertained at a twelve o'clock dinner Sunday in honor of her seventeenth birthday anniversary. The guests included the sophomore and junior classes of the Moscow high school. After a pleasant afternoon together, the hostesses, for Miss Owens was assisted by her cousin, Miss Erma Tevis, served light refreshments to the amiable crowd that included the Misses Iva Comely, Edna Hoban, Zella Hungerford, Laree Gerard, Margaret Hurst, Faye and Fern Scull, and Morris Fessler, Merl Piper, Ora Cameron, Elmer Comely, Loren Harcourt, Ralph Willey, Herbert Hoban, and Paul and Chester Gosnell.

SOROSIS CLUB

The Sorosis Club, which has been enjoying such excellent programs this year met with Mrs. C. M. George this afternoon at her home in North Main street. For the sixteen members who gathered to enjoy her hospitality, the following program was given:

Eugenics—Mrs. Walther.
The Business of Being a Woman—Mrs. Britt.
Selected oral subject—Mrs. J. T. Paxton.

Responses to the roll call were given by each of the members giving her opinion on some live subject of today.

The program aside from being helpful was an interesting one. It was followed by the service of dainty refreshments, during which time the ladies enjoyed a delightful social chat.

FAVORITE COMPOSERS

Selections by favorite composers composed the program given at the Ladies Musical given at the home of Miss Frances Frazee yesterday afternoon, with Mrs. Francis Moor as leader.

The following program occupied the greater part of the afternoon for which about twenty-five members of the organization were present:

Piano solo—4th Mazurka—Miss Anna Poundstone.
Violin solo—Hungarian—Miss Leona Thoams.

Quartette—Doan Ye Cry, Ma Honey—Mrs. Frank Wolcott, Miss Wanda, Wyatt, Mrs. Francis Moor, and Miss Leonora Norris.

Vocal solo—The Rosary—Miss Ruby Willis.

Piano solo—Ace's Death—Miss Minnie Tribbey.

Violin solo—La Serenata—Miss Leona Thomas.

Vocal solo—Mother Machree—Mrs. Francis Moor.

Reading—Miss Frances Frazee.

Vocal solo—Mrs. Roy MacGill.

Piano solo—Sousbrious—Miss Mary Smith.

Vocal solo—Miss Wanda Wyatt.

Mrs. Frank Wolcott, the president presided over the business meeting,

which followed the program, when plans for the request program to be held May 8th. were discussed.

Word has been received here that Mrs. Emma Lee, formerly Miss Emma Lakin of this city, underwent an operation yesterday in Indianapolis.

The Knights of Pythias will have another dance Thursday, Mar. 30th. Mitchell's orchestra. Price \$1.00. All Knights are invited to attend. 1311

HOW APPENDICITIS CAN BE PREVENTED

Rushville people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, often relieve or prevent appendicitis. This simple mixture removes such surprising foul matter that ONE TEASPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A short treatment helps chronic stomach trouble. Adler-i-ka has easiest and most thorough action of anything we ever sold. F. E. Wolcott, Druggist. (Advertisement.)

DON'T NEGLECT KIDNEYS

Swamp-Root, Dr. Kilmer's Prescription, Overcomes Kidney Trouble

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

The kidneys should receive some assistance when needed. We take less exercise, drink less water and often eat more rich heavy food, thereby forcing the kidneys to do more work than nature intended. Evidence of kidney trouble, such as lame back, annoying, brickdust or sediment, sallow complexion, rheumatism, maybe weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root. There is nothing else like it. It is Dr. Kilmer's prescription used in private practice and it is sure to benefit you. Get a bottle from your druggist.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton N. Y., for a sample bottle. When writing be sure and mention the Rushville "Daily Republican." (Advertisement)

Amusements

The Gem will show the third episode of "The Girl and the Game," for the first picture tonight. Helen Holmes is featured as usual. One of the thrilling scenes in this picture is the burning of a train. The other picture is a drama entitled "The Country Girl," Neva Gerber and William Carroll are featured. Tomorrow night the feature picture, "The Tragic Circle" will be shown in which Harold Lockwood is featured.

The Mystic offers the feature picture, "Inspiration" for the program today. Audrey Munson, the most beautiful model in the world is featured. The picture tells her life story of how she won fame as a model. A continuous performance will be shown.

The Princess will show the three act feature "The Secret Seven" for the program tonight. Rose, Tapley, Leo Delaney and Carolyn Birch are featured. It is a story intermingled with society life and Italian quarters. Tomorrow the third installment of "The Strange Case of Mary Page" will be shown. On Thursday matinee and night the big feature, "The Battle Cry of Peace," will be shown. "The Battle Cry of Peace" is a call to arms. Some idea of the size of the offering is gained when it is said that in support of the company there was introduced 16,000 national guards, 800 G. A. R. members, 5,000 horses and seventeen aeroplanes, with Zeppelins, sea planes, submarines and battle ships. It attempts to show how New York City and the entire United States within a period of a few short weeks could be made subject to an alien invading host. There is a series of thrilling pictures of the siege of New York, showing bombardments from land and sea and sky; the Wall street district in flames a conquering army marching through the streets and the dynamiting of public buildings, to say nothing of a score of other sensational happenings. There will be two performances at night and two matinees. The night performances start at 6:45 and 9:15.

CARD OF THANKS

I wish to thank the friends, neighbors, the Century Bible class, Dr. Gilbert's class, the Rev. C. M. Yeum and Mr. Wyatt, for their kindness during the recent illness and the death of my wife.

GEORGE H. BAKER 13t1

Mahoning Council Number 36 will give a penny supper Wednesday evening at the Red Men hall from 5 to 7. Everybody invited. 12t2

SUFFS TO KNOW STANDING TODAY

Will Learn Whether Susan B. Anthony Amendment is Dead or Alive—Want Vote Taken.

CARLIN SAYS B.H.L. IS DEAD

But They Are Champion Optimists and Declare They Are Still in the Fight.

(By United Press.)

Washington, March 28.—Today's the day America's millions of suffs and anti-suffs are to learn whether the Susan B. Anthony suffrage amendment to the federal constitution, which Representative Carlin of Virginia officially dubs "Cock Robin," is dead or alive.

"We've killed Cock Robin," was Carlin's succinct comment recently as he emerged from a sub-committee meeting of the House Judiciary committee, which was to decide whether "Cock Robin" should fly on through the halls of congress to possible victory, or die at the hands of the sub-committee's "how and arrow."

"Not so," said the suffs; and scurried about to get another vote on the bird, saying they believed "C. R.'s" enemies on the sub-committee had tried to do away with him in the absence of his sub-committee friends. Today Cock Robin, pronounced by officialdom to be dead; and his lady friends, the Suffs, who simply won't believe it; and the August Keepers of the Shroud, the House judiciary committee members—all met today to decide if a post-mortem or something of the order.

If Cock Robin—otherwise the Susan B. Anthony suffrage amendment—is found dead, there'll be no necessity of voting on him, of course, until after the next general election. But if he's alive, 21 solemn and enduring aye and no votes must be cast and recorded over him.

Speaking plainly, if the amendment comes to a vote in the committee, all the committee members will have to go on record. And latter, of course, so all his friends and enemies in the House.

"Well, we've killed Cock Robin," meant that the suffrage amendment was dead this session and that the Suffs need not bother members about it any more until after the next election.

But the Suffs are champion optimists. They refused to believe their old friend dead. Suspended animation was the most they could be persuaded to. So they got Representative Williams of Illinois—who has his eye on the governorship of a state where the women vote—to ask for a re-consideration.

Today is the day set for a test of strength on this question. Reconsideration.

Toady is the day set for a test of strength on this question. Reconsideration of not—resuscitation or a confirmation of death—that was the question.

Women have learned a half dozen new dodges by which members evade votes; and congressmen have learned at least as many ruses by pretty women to find out their feelings, and whether they'd be able to vote at certain times, since the pronouncement of "Cock Robin."

Notice of Final Settlement of Estate.

Notice is hereby given to the creditors, heirs and legatees of John P. Smelser, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 30th day of March, 1916, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the clerk of said Court, this 6th day of March, 1916.

ARIE M. TAYLOR, Clerk Rush Circuit Court.

YOU can make money hatching chicks if you will do it with System

YOU have good eggs, or can get them—you can spare a few minutes in the morning and evening—now then, you want a good Hatcher. Such a combination will make money for you—and make it easily. The

BOWERS ECONOMY HATCHER

Is in our store for you to inspect. Don't buy a Hatcher by catalogue, you don't know what you're buying. A poor Hatcher means not only the loss of the money that you invest in it, but the time you spend and the good eggs you waste. The disappointment, too, is worth a lot.

Right Principles in Designing and Building

mean everything in a Hatcher. See them, have them demonstrated to you, before you pay out your exclusive agency for the BOWERS ECONOMY HATCHER:

- (a) Made mostly of galvanized sheet steel, brass and copper, which makes it non-corrosive, non-rustable, non-inflammable. (b) Light weight—easily handled and operated. (c) Special ventilating system in bottom of Hatcher to allow escape of gases. (d) Sand-tray in bottom of Hatcher to keep eggs in correct degree of moisture. Requires no attention. (e) Specially sensitized instruments for accurately regulating, controlling and indicating temperature. (f) Requires little time. (g) Costs little. (h) Special circulation system which saves fuel. (i) Reputation—known and conclusively proven to be the best. Step into our store at your first chance, and let us show you these Hatchers.

House Insurance For Business Men

This is the day of Insurance — Insurance against Death, Accident, Sickness, Fire and Decay transfers hazard into security. A few gallons of Sherwin Williams Paint if used according to directions insures your house for years against the hazard of wind, rain, sleet and decay. SHERWIN WILLIAMS PAINT is the old time insurance policy of 90 per cent of the world's greatest railroads and corporations. Specify and demand it because of the low eventual cost is their criterion of value and their cheapest insurance. Just two things to look for—the color and name of manufacturer, as you can't possibly see the absolute quality and service that is built in the can.

We do Contract Work. Let us figure with you.

F. E. Wolcott Nyals Druggist

QUALITY COUNTS

more in painting than almost anything else about a building. Cheap paint and cheap labor mean a cracking and a scaling surface in a short time, that costs very much more to repaint than it ought. Cheap painting means inadequate protection against the weather. Can you afford to lessen the life of your building by seeking cheapness as the main thing? When we do the painting we use the best materials; employ competent labor and PAINT TO STAY PAINTED. It costs only a little more; but there's a reason.

Meredith & Rodebaugh

Mauzy's for Carpets

has been a common expression for half a century. This splendid reputation has been built by the distribution of good honest merchandise at moderate prices; and each succeeding year it is our purpose to uphold and improve that high standard. Quality is at all times our first consideration, and in spite of conditions in the manufacturing field, high quality is still the outstanding feature in our display of floorcoverings. Few concerns in Indiana devote as much space to the display of furnishings for the floor, nor afford you the choice of such a range of patterns and colors. At this season of re-arranging and refurnishing, let us assist you with our immense stock.

¶ To see our Rugs, you would think we had provided one for every person in Rush County, there are so many of them. The makes are those that America is proudest of, and include the finest grades of Wilton, Velvet, Axminster, Body Brussels, Tapestry, and Fibre. Every size rug that is made is on our floor. ¶ Many people today are preferring to cover their entire floors with carpet, and for them we have provided many patterns of Velvet, Axminster and Brussels carpets, that are carried in stock, ready for immediate delivery to you. Then there are scores of rolls of ingrain carpets and fillings that are priced to please you. ¶ Linoleums in a multitude of patterns and in all widths and in both printed and inlaid qualities are ready for your choosing. We make a specialty of fitting your windows with hand-made oil opaque window shades, mounted on Hartshorn rollers, that are guaranteed to give satisfaction. ¶ Perhaps you are weary of reading about future high prices, occasioned by the war, but take our advice and buy NOW

CLAUDE ADAMS, Prop.

VARIED WEATHER MENUE OFFERED

Continued from Page 1.

wind, thunder, rain and hail will break out in most sections of the county, being in transit from west to east for two or three days. We forecast much clashing of boreal and equatorial forces at this time, giving rise to many tornadic developments; enormous downpours of rain and hail, all winding up with a very heavy barometer, cold northerly and frosty nights.

A reactionary storm period is central on the 24th, 25th and 26th. Very warm days will immediately precede the storm center, but sudden change to very cool, within a few hours, will follow the storms, bringing the temperature down almost or quite to the frost line, northward at night.

A regular storm period, having its center on May 1st, and extending from April 28th to May 4th, will be in transit as we approach the end of the month.

Much of the electric viciousness of the Venus equinox will express itself at this period.

CASE DRAGS SLOWLY

Judge Sparks in a letter to Clerk Taylor this morning stated that the Hinshaw trial over which he is presiding at Noblesville, is progressing slowly but believed that the state would complete its case by tonight or Wednesday night.

J. W. Tompkins remains in a serious condition at his home.

DOCTORS O. K. NIGHT AIR

Urge Sleeping With Windows Open

If you want red cheeks in the morning have your bedroom windows well open all night—thus do the modern physicians dispose of the old superstition about the miasma of night air. Fresh air and open bowels are the first and foremost health rules. If nature needs assistance in the shape of a laxative use the natural, vegetable laxative—castor oil, the doctors first thought in all stomach and intestinal disorders—it not only removes the cause, but heals at the same time.

This may now be had in jellied form and deliciously flavored. Ask for Covington's CASTOR-JELL. On sale at Frank Wolcott's drug Store. Castor Products Co., Cleveland, Ohio.

RUSHVILLE, INDIANA

SEE ROAD USING NEW PROCESS

Party of Men, Including Commis-
sioners, Will View Road Re-
paired With Glutrin

IT MAY BE USED ON EAST PIKE

Board Awards Contracts For Coun-
ty Poor Farm Before Ad-
journing Monday Afternoon

The county commissioners, Adol-
phus Cameron, county surveyor,
Hal Green, road superintendent and
E. O. Humes were taken to Colum-
bus, Ohio, today to view a road that
has been treated with the glutrin
process. This is the way the com-
missioners are contemplating re-
pairing the east pike from the end
of the brick pavement to the county
poor farm.

The attention of the glutrin pro-
cess was brought to the commis-
sioners yesterday and as they had never
seen any roads repaired in this man-
ner it was decided to make the trip
to Columbus at the expense of the
road building firm.

The binder known as glutrin is
made especially for macadam or
stone roads, and as some of the
roads in Rush county are badly in
need of repair the commissioners
believed that the idea was worth
investigating. The glutrin does not
make a permanent highway, but is
said to keep the road in good con-
dition and reduces the cost of fur-
ture repairs. The commissioners and
several interested parties will go to
Detroit Thursday to view some con-
crete roads.

Before adjourning yesterday af-
ternoon the county commissioners
awarded contracts for supplies to
the county poor farm as follows:
meat, Weeks Fresh Meat and Pro-
vision company; shoes, Ben A. Cox;
clothing, Knecht Clothing Co.; dry
goods, Mauzy Company; Groceries,
L. L. Allen. A new book typewrit-
ing machine was also ordered for
the recorder's office. The county
council recently appropriated \$250
for this purpose. The commissioners
will meet next Monday in the first
regular session of the month.

MAN AND WOMAN DIE IN CLEVELAND FIRE

Eighteen Persons Are Injured and
Property Loss Amounts to
\$30,000.

GIRL SAYS SHE WAS GAGGED

(By United Press.)
Cleveland, O., March 28.—One man
and a woman perished today in a
fire that destroyed the Foster apart-
ments. Eighteen persons were in-
jured, some seriously. The loss was
\$30,000.

According to Miss Bessie Reimers,
age 19, two men entered her room
early today, bound and gagged her
and set fire to her bed, causing the
fire. She was carried from the burn-
ing building in a sheet bound and
gagged. Two men are held by the
police for investigation.

The dead are: J. B. Lewis, New
York; Mrs. Anna Simkins.

Fire Warden Kitch said he will
report that a defective flue leading
from a gas stove in Miss Reimers'
room started the blaze.

OFFICERS FOR THE CITY Association Plans Institute

On the request of the president of
the county Sunday school associa-
tion the Ministerial Association has
appointed officers for the Rushville
branch of the organization. The
officers named T. M. Green, presi-
dent and Prof. Bean, secretary and
treasurer. The local organization
while including all of Rushville
township is really Rushville city as
there are no churches outside of
the city. An efficiency institute is
planned for some time this summer.

PASSION WEEK TO BE OBSERVED HERE

Protestant Churches Will Hold Un-
ion Services Five Nights Pre-
ceding Easter

PREPARATORY FOR EASTER

At a meeting of the ministerial
association yesterday it was decided
to hold union services, alternating
at the different churches, the week
before Easter. The sermons will
follow closely the events of Passion
week and in a way the services will
be preparatory for Easter.

The schedule of sermons follow:
Monday night—Main Street Chris-
tian church, "Christ's Farewell," the
Rev. S. G. Huntington; Tuesday
night First Baptist church, "The
Betrayal," the Rev. W. M. Whitsitt;
Wednesday night—First Presbyter-
ian church, "The Denial," the Rev.
C. M. Yocum; Thursday night—
St. Paul's M. E. church, "The Trial,"
the Rev. J. T. Aikin; Friday night—
United Presbyterian church, "The
Crucifixion," the Rev. D. Ira Lam-
bert.

It was also decided that copies of
the book "The Last Week" would
be offered for sale at these meetings.

TOOTH IS PULLED; LOSES MUCH BLOOD

Loren Vanscyoc, Age 9, of Near
Glenwood, Nearly Lost Life
When Hemorrhage Resulted

HE IS GROWING BETTER NOW

Loren Vanscyoc, the nine-years-
old son of Mr. and Mrs. William
Vanscyoc of near Glenwood, has
been in a critical condition for the
past few days due to the loss of
blood, caused by pulling a tooth last
Monday. He is believed to be out
of danger now as the blood has not
flowed for the past thirty-six hours
and he will probably recover.

The little boy suffered a hemor-
rhage when the tooth was extract-
ed and it was only after the hardest
kind of work that the flow was
stopped and the blood coagulated.
From a week ago yesterday morn-
ing the blood flowed steadily and the
boy fainted from the loss of blood.
The attending physician stated to-
day that the child was naturally
frail and the loss of so much blood
greatly weakened his condition.

MASONIC WORK

Phoenix lodge number
32 F. & A. M. will have a

red.

NEW MOVEMENT IS INDICATED

With Tightening of Censorship And
Activity Among Troops De-
velopments Are Expected

SUPPLY PROBLEMS WORRY

Two More Companies of Auto
Trucks Are Being Rushed to
Columbus For Early Use

(By United Press.)

Columbus, N. M., March 28.—
Tightening of the censorship at Gen-
eral Pershing's base and activity
among a large body of troops here
today preparing for some unknown
movement was believed to forecast
important developments in the pur-
suit of Villa. The censorship will
be tightened at all other border
points, also, it was announced.

Another train load of cavalry and
artillery horses arrived today and
the work of clipping them in prepara-
tion for hot Mexican weather be-
gan immediately. Pack trains sup-
plying the advance column south of
Casas Grandes are reported to be
meeting with enormous difficulties
in the mountains.

Antos and motor trucks have been
found impractical in that section.

SUPPLY TRAINS SPEED UP

Communications Problems Are Be-
coming More Severe.

(By United Press.)

San Antonio, Texas, March 28.—
Supply trains between Columbus, N.
M., and General Pershing's field base
at Casas Grandes were sped up this
afternoon as the problems of com-
munication became more severe. Two
more companies of auto trucks,
each consisting of 27 machines, are
being rushed to Columbus for im-
mediate use, and more are coming.

The tremendous work of keeping
the sand logged road open requires
the combined efforts of all the army
engineers in the southwestern di-
vision.

General Funston said today that
his engineers are fighting under
heavy odds against the possibility
of a tie-up.

No reports were received from
General Pershing today, but belief
at headquarters is that Villa is now
working south from El Oso ranch.
Reports of bandit raids near El
Paso met with derision when called
to General Funston's attention.

VILLA AT EL OSO

(By United Press.)

El Paso, Texas, March 28.—Pan-
cho Villa was at El Oso yesterday,
according to an official message
made public today by Carranza
General Gaviro at Juarez. The mes-
sage came from the Carranza com-
mander at Madera and said:
"Villa is at El Oso. Believe that
Colonel Cano is one of our chiefs
closest to Villa. Both ours and the
American forces are harassing Villa
constantly."

This dispatch conflicted with
American reports which told Villa in
full flight toward the foothills of
the Sierras.

NINE MINERS BURNED

(By United Press.)

Bluefield, W. Va., March 28.—
Nine men, badly burned, were taken
from the Tidewater mine at Vivian,
W. Va., where an explosion occurred
today. Many miners are reported
still entombed.

James E. Watson, junior is
home from Culver Military Academy
for a short visit with his parents.

PUTS QUESTION UP TO GERMANY

United States Cables Berlin to Know
Whether Submarine Sunk Sus-
sex And Englishman

DECISION BY THE CABINET

Reached in Face of Much Feeling
That if Vessels Were Tor-
pedoed no Inquiry is Needed

(By United Press.)

Washington, March 28.—The
United States government inquired
of Germany by cable this afternoon
whether a German submarine at-
tacked the Channel packet Sussex
and the British horse carrier Eng-
lishman.

President Wilson and the cabinet
decided earlier in the day to ask
Germany for any information she
may have concerning the wrecking
of the Sussex by an explosion.

The cabinet believed after having
studied all of the official reports in
the hands of Secretary Lansing, that
there is not enough positive evi-
dence to determine beyond question
that the vessel was attacked by a
German submarine.

The inquiry was sent to Germany
because the evidence at hand has
practically convinced the state de-
partment that the Sussex was tor-
pedoed by a submarine.

This decision was reached in the
face of much feeling among cabinet
members that if the Sussex was a tor-
pedo victim there was no necessity
of asking the nationality of the sub-
marine, since only German subma-
rines have frequented the waters in
which the disaster occurred.

The administration attitude to-
ward attitude toward the suggestion
that disavowal will be promptly
forthcoming from Germany if one of
her submarines was guilty was not
changed by the cabinet session. It
is still apparent that the disposition
of the white house and state de-
partment is to demand something
more than disavowal—and the
breaking of diplomatic relations is
not considered too drastic a step in
order to obtain it.

UNQUESTIONABLY PART OF TORPEDO

Fragments of Metal Picked up Off
Deck of Sussex Makes Cer-
tain Cause of Sinking

ONE AMERICAN MAY DIE

(By United Press.)

London, March 28.—Fragments
of metal picked up by British naval
officers aboard the Sussex immedi-
ately after the explosion unques-
tionably were part of a torpedo, the
United Press was informed by an
authoritative source today.

The admiralty has not yet is-
sued an official statement based on
the findings of these fragments. It
was stated, however, that there
could be no possibility that the
metal pieces were fragments of a
mine.

George H. Crocker, one of the
three Americans seriously injured,
is in a critical condition at the Dover
hospital today and may not re-
cover.

Crocker, who suffered a fractured
skull and other injuries, rallied yes-
terday but had a relapse last night.
The other Americans are recover-
ing.

REMONSTRANCE IS FILED Center Township People do Not Want Concrete Highway

A remonstrance containing sev-
enty-six names was filed this after-
noon in the auditor's office against
the proposed concrete road in Cen-
ter township. This is the James
W. Trowbridge et al., highway, the
petition for which was to have been
presented to the commissioners
yesterday, but which was delayed
until Monday. The road would pass
through Mays, east and west and
would be about three miles long.
The original petition contained
fifty-nine names. Under the law
the remonstrance must be filed with-
in twenty days after the hearing of
the petition. This is the first re-
monstrance filed against any one of
three petitions for concrete high-
ways.

C. I. & W. OFFICIALS VISIT CITY TODAY

Discuss With City Officials Some
Questions Under Considera-
tion, One Crossing Flagging

ALSO INSPECT PROPERTY

Four high officials of the C. I. &
W. railway, from the Indianapolis
headquarters, were today mak-
ing a personal inspection of the prop-
erty and also calling on local busi-
ness. The party was composed of
B. A. Worthington, president; F. B.
Hines, superintendent; J. A. Sim-
mons, general traffic manager and H.
F. Passell, division engineer.

The officials also met the city
officials and discussed some changes
that have been hanging fire. The
railroad and city have been dis-
cussing some regulations for some
time and the matter was left until
the officials of the railroad visited
the city. One of the things under
consideration was an improvement
in the manner of flagging the street
crossings. Nothing definite resulted
from the visit of the officials here
today.

STEAL 4,000 FEET COPPER PHONE WIRE

Vandals Clip it Out of Line of Bell
Telephone Company in Service
West of City.

DETECTIVES SEEK THIEVES

The most nifty act of vandalism
that has been brought to the atten-
tion of the police in a long time was
reported today by the Bell Telephone
company. A short distance west of
the city four strands of heavy cop-
per wire were cut from the poles for
a distance of six pole lengths. The
wires were in actual service at the
time. A ladder was used in reaching
the wires and something like 4,000
feet of wire was stolen. The theft
was discovered when an investiga-
tion was made to ascertain why the
circuits were not working.

The Bell company maintains a
long distance service through here
and these wires were part of this.
It was stated that detectives had
been placed on the case and arrests
are expected to follow. Copper wire
is selling at fifteen cents a pound
and the haul was a profitable one.

VARIED WEATHER MENUE OFFERED

Rains, Wind Storm And Snow Flur-
ries Mixed With April Show-
ers Promised Next Month

IT WILL START WITH A RAIN

Lightening And Thunder is Included
With Good Prospects For
Some Destructive Hail

Local people who watch
weather predictions and place
faith in them will have to keep a
copy close at hand next month to be
informed as to the kind of weather
that is promised for the coming day.
Wind, excessive rain, lightening, hail
and snow are all included in the list
of forecasts by Hicks.

A reactionary storm period is cen-
tral on the 1st, 2nd, 3rd and 4th. It
will be wise to anticipate excessive
downpours of rain at this time. Look
out about Sunday, Monday and
Tuesday, the 2nd, 3rd and 4th, for
rainfalls amounting to local freshets
and floods, with probability of dan-
gerous wind storms and tornadoes.
Close on the heels of these storms,
except change of winds to westerly,
rising barometer, dashes of snow
and sleet over central and northern
sections, with much colder weather
and killing frosts generally.

A regular storm period is central
on the 8th, extending from the 6th
to 11th. Very threatening storm
clouds will develop, and from about
Saturday, the 2th, to Tuesday the
11th, storms of violent to dangerous
character will sweep from west to
east across the country. The as-
tronomical combination bearing on
this period, calls almost certainly
for destructive hail storms in many
localities. If the approaching storm
clouds are fraught with vicious
lightning and thunder, and cast a
copperish glare over the sky and
surrounding objects, make what pre-
parations you can for destructive
hail.

A reactionary storm period is cen-
tral on the 13th, 14th, and 15th.
Great hail storms in many localities
will be reported within forty-eight
hours, of noon on the 15th. The
Easter full moon on the 17th, and
this fact promises prolonged dis-
turbances with change to blighting,
cold gales and severe squalls of late
snow, following quickly on the west-
ern rim of high temperature, thunder
rain and hail. The last determined
efforts of Boreas to prolong his
dominion of winter will, most likely,
be put forth, during the two storm
periods between the 12th and 22nd.
Remember this warning and protect
your "garden truck" accordingly.

A regular storm period is central
on the 19th, extending from the 17th
to the 22nd. It will grow warmer,
with south winds and falling barome-
ter in the west. On and about the
19th, 20th and 21st, fierce storms of

The Everlasting Postage Stamp

Josh Billings said that the
beauty of a postage stamp was
that it "stuck right on the job
until it got there."

That is what newspaper ad-
vertising will do if you let it.
It will keep right at it day in
and day out, carrying its mes-
sage to people ready to receive
it.

And each time it will be
planting the seeds of the profit
plant.

Advertising is no business for
a utter but it is a mighty force
for the man who knows how to
hold fast.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Luster to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur, enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and luster of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Glenwood.

Otto Cameron is suffering with quinsy.

The combination sale Saturday was a big success, the total receipts amounting to over 6,000. The Ladies Aid society of the M. E. church furnished lunch, making about \$30. Forty horses, ten head of cattle and many hogs and farm implements were sold.

Will Lewis of Connersville visited here Sunday.

C. J. Murphy is able to be up again after a long sickness.

William Vandiver is clerking Will Richardson's store.

There were no services at the M. E. church Sunday except Sunday school. Quarterly meeting was held at Orange, Sabbath school and preaching services were held at the United Presbyterian church Sunday afternoon.

The teachers and janitors of the Glenwood and Gings schools were entertained at the home of Homer Nash, township trustee, and his wife, with a dinner at seven o'clock Monday evening. The school here has been a decided success this year.

Mr. and Mrs. Elmer Stevens and daughter Janice and Mr. and Mrs. Clyde Matney and son John dined with Mr. and Mrs. J. H. Link Sunday.

Marshall DeArmond visited with his parents, Mr. and Mrs. Harvel DeArmond, of the east side Sunday.

Richland Township.

Clyde Kitchin was at Rushville on business Saturday.

Arthur George and family spent Sunday with Joe Abercrombie and family, at Andersonville.

Stanley Patterson was the guest of Mr. and Mrs. Will Cloud, Friday night and Saturday.

Mrs. Lowell Lefforge and Miss Sallie Lewis spent Wednesday, with Mr. and Mrs. James Martin.

Leslie Miller and family were guests of Edgar Martin and family Sunday.

Emmet Starkey and family spent Sunday with Jess McHenry and family.

Mr. and Mrs. Verne Lewis called on Mrs. Nellie Scott, Sunday afternoon.

Mr. and Mrs. Ort Meek spent Friday with Mr. and Mrs. Louis Golay.

Miss Sallie Lewis called on Miss Emma Stevens Sunday afternoon.

George Miller spent Sunday with his sister, Mrs. Lowell Lefforge.

The Rev. Mr. Hughes, spent Tuesday with Fred Krugg and family.

Floyd and Herman Kinnett, surveyed the land, Thursday which Ed George purchased at Colter Bros.

Mr. and Mrs. Will Cloud and Mr. and Mrs. Verne Lewis spent Sunday evening with Louis Golay and family.

Mrs. Frank Kitchin returned to her home in Indianapolis, Friday after spending two weeks with her son Clyde and family.

Net's Corner.

Most all the farmers are busy with their spring plowing.

Several from in and around here attended the combination sale at Glenwood Saturday.

Riley Wilson visited friends at Andersonville Saturday.

Angus Miller has purchased an automobile.

Mr. and Mrs. Maurice Kile called on Chas. Kile and family Saturday night.

Charles Kile and Walter Nienstead made a business trip to Rushville last Saturday.

John W. Ryon, wife and son Eddie traded at Rushville Saturday.

Several from here attended church at Hopewell Sunday.

Edgar Martin made a business trip to Rushville Saturday.

Miss Ruth Moore of Coon's Corner is assisting Mrs. Roscoe Lefforge with her house work.

Frank C. Moore visited at Laurel Saturday.

It is reported here that James Hedrick has purchased the Dayton Barber farm near Andersonville, and

YES, There are Indeed Today Wars and Rumors of Wars

and that resultant conditions have added to the difficulties of the merchandising of our country, no one can question.

Therefore, it is with pardonable pride that we announce the reward of our labors of several months, in assembling the very best, and most classical spring stock in our history.

HARTFORD CITY MAN ESCAPES THE KNIFE

Charles Inman Able to Go to Work After Operation Was Avoided.

Charles Inman, 424 East Chestnut street, Hartford City, Ind., was desperately ill with stomach trouble. He was advised to go to Fort Wayne for an operation.

Then he took May's Wonderful Remedy and in a short time was able to go back to work. In a letter he said:

"My disease started seven years ago. I had to give up and go to bed. Four doctors said they could not cure me unless I went to Fort Wayne to be operated on, and that it would cost \$150 or \$200. My daughter saw your advertisement and I took your treatment. In three weeks I went to work and haven't missed but one half day since from sickness. It surely saved my life."

May's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfied your money will be returned.

For sale by FRANK E. WOLCOTT and all other reliable druggists.

will take possession of it next Dec.

Mrs. Matt Bever and daughter Miss Gladys, called on Miss Ruth Ryon Thursday evening.

Hupmobile

What are you interested in when you go to buy an automobile? Is it 70 miles an hour over dead horse hill on high gear; 40 miles an hour from a standing start in ten seconds. A car with so many features that to read the advertisement of it seems more like reading a story in Arabian Nights than a present day creation. Or would you be more interested in how much comfort is built in. And that other item—Cost of maintenance, tire mileage, gasoline consumption, garage bills, those things that vitally effect the pocketbook, in which everyone is interested and about which so little is said.

Will they give me any tangible evidence that I will get the kind of service that I feel I have a right to expect? Proof of the pudding is chewing the bag. Give us a chance to show you what has been done by cars we represent, then draw your own conclusions.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and stoken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water, before breakfast, act on the stomach, liver, kidneys and bowels.

Birds Farmer's Friends

As the birds gather with the approach of spring, does the average farmer recognize them as the friends that they really are? No doubt he is well aware of the services that some of them perform, but it would perhaps require considerable argument to convince him that even the hawk are more than offset by their depredation of the crow and the good work in the destruction of harmful insects. That this, however surprising, is true, is shown by a bulletin on the common birds of the farm and orchard issued by the Agricultural Department at Washington.

The entomologists, it appears, have estimated that insects yearly cause the loss of not less than \$700,000,000 to the agricultural interests of the United States, and that this loss would be vastly increased if there were no birds. Indeed, successful agriculture would be impossible without the aid of the birds. The crow pulls up corn and is otherwise mischievous in the spring, as is true, but scientific observers regard him as more helpful than harmful because he eats many insects, white grubs, cut worms and mice. Even owls and hawks destroy vast quantities of insects and harmful rodents.

Birds do not live long but they live intensively they breathe rapidly and have a high temperature and a rapid circulation. In consequence a large quantity of food is necessary. This explains why they devote most of their waking hours to feeding, although they can move quickly from place to place where food is found and feed very rapidly. Thus they destroy incredible numbers of insects. In the stomach of a single hawk, for example, have been found a hundred grasshoppers which represented only one meal. In the retreat of one pair of barn owls have been found three thousand and skulls, 97 per cent of which were of mammals, the bulk of these being field mice house mice and common rats. A tree swallow's stomach was found to contain forty entire chinch bugs and fragments of many others, besides ten other species of insects.

In Texas a single bank swallow was found to have devoured sixty-eight cotton boll weevils, one of the most harmful insect pests known; and thirty-five cliff swallows were found to have taken an average of eighteen boll weevils each. Two stomachs of pine siskins in California and 300 plant lice. A killdeer's nineteen hundred, black olive scales stomach taken to Texas contained more than 300 mosquito larvae. A woodpecker's stomach held 28 white grubs. The stomach of a Kentucky nighthawk (bullbat) contained 34 May beetles, the adult form of the white grub. A New York nighthawk was found to have eaten 24 clover-leaf weevils and 375 ants. Another nighthawk had eaten 340 grasshoppers, 52 bugs, 3 beetles, 2 wasps and a spider. A boat-tailed Texas grackle was found to have eaten at one meal about 100 cotton boll worms and a few other insects. And so on.

The greatest enemy of the birds, which are thus shown to be of such positive economic value, is the house cat. Therefore the farmer, whose interests are directly involved, is advised to dispose of all cats except such as are kept and fed indoors as mousers and pets.

RAISE FUSS OVER THE MAIL SERVICE

Rushville And Connersville People

Wonder How Long Morning

Delays Will Continue

WEST MAIL AT MID-FORENOON

Late Three Times Last Week, Causing

Great Inconvenience to

Postoffice Patrons

Not only Rushville but Connersville people as well are wondering how long the delays in the morning mail from the west over the C. I. & W. railroad are going to continue. Three times last week the mail was late, the last time running into mid-forenoon.

To say that local mail patrons are becoming annoyed at the continued delays is putting it mildly. It is a great inconvenience to business people as well as to rural mail patrons. By some, it is regarded as an injustice. They feel that better service should be given because there was no occasion for the repeated delays last week.

It is hinted in Connersville newspapers that a petition may be started for a change in the morning mail service from the west if conditions do not improve.

The Connersville News is quoted as follows, revealing the trend of public opinion in Connersville regarding the services:

Again Saturday morning the mail from the west, supposed to arrive about daybreak, limped in at the middle of the forenoon. It is needless to recite the annoyance which this service or rather this lack of service, causes in Fayette county. The annoyance it occasions the News is light indeed as compared with its annoyance to business in general. The country district, served by rural routes, is discommoded every time it happens. It is, moreover, a condition for which there can be no palliation. Whatever the causes are which make the C. I. & W. drag in a fourth of a day or so behind time with this mail two or three mornings a week, they are not the fault of Connersville people. Connersville people do not want excuses and are indifferent to explanations. What they want is mail, delivered at something like the time at which it ought to come.

As was said yesterday, this thing has become unbearable. If the C. I. & W. want the mail carrying contract it will correct this business at once, or face a strong, almost a unanimous petition, asking that some road or later vintage and a better regard for its contract be given trial.

Local employees of the road grow warm at the repeated mention in the News of the abominable service which the road is giving. These local men, of course, have nothing to do with the mail service. They could do nothing to correct it, try as they might. Neither can they do anything, whether or not they realize it, to stem that tide of public opinion which is setting against the service their company is giving Connersville. Their resentment of comment on this exceedingly public question not only does the road no good, but it does not gain the employees anything.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break up a cold or cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

IMPROVEMENT IS MADE IN ZEPPELIN

New Models Are Longer and Narrower and Have Proved More

Manageable in Bad Weather.

NEW BOMB THROWING DEVICES

(By United Press.)

Amsterdam, March 28.—The Zeppelin has been vastly improved lately. There is no doubt that the Germans take it very seriously as a fighting machine. Still greater aerial activity on their part may be expected soon.

The prediction is that of a neutral, recently arrived from Germany, where he had an opportunity to see and hear much concerning the Kaiser's plans for air raiding, but whose name, for obvious reasons, cannot be published.

According to his account the newest Zeppelins is much longer and narrower than its predecessors, the latest form having proved more readily manageable in heavy weather. The gondolas hang much deeper than formerly and a bridge connects them. Both gondolas and the bridge are metal-plated, in the hope that they may prove bullet-proof.

Each new Zeppelin carries about ten machine guns and two or three small cannon. Formerly the cannon were mounted on special platforms. It was found, however, that these were often hit, diminished the craft's efficiency; so at present both machine guns and cannon are inside the gondolas, protected by thick steel plates.

Several new bomb-throwing devices have been adopted. An equipment has also been provided for pouring out poisonous gases upon enemies.

The improved type of air ship is built almost entirely of a combination of aluminum and steel, the rudders have been much simplified and the motors are far more powerful than the older ones.

The Friedrichsafen plant has been increased fully 100 times in size and the number of employees has been multiplied by at least twenty. By April the Germans expect to be able to send three Zeppelins to the front weekly.

The Parsevall and Shutte-Lanz factories are said also to have increased their output at least ten times.

In many German quarters the belief is said to be that air craft will prove the war's deciding factor.

Perfection

The shadow of exaggeration is

cast on an ad when the appellation "Perfection" is applied to the product; at least that is our version of it.

So when we tell you of HIGH ART CLOTHES, we will say what is our sincere conviction—that they are as near perfect as modern manufacturing methods, alert designing and fair-play business policy can make them.

Young men will find a host of good-looking models to select from and their seniors will be sure to find their suit made in a model in conformity with their dignity and correct in every detail. Their price is moderate when their value is considered.

Everybody that Does Anything

Has a reason for doing it. I found out during our opening why so many buggy customers bought their buggies of me and one of the reasons was, they could not find what they were looking for, any other place. This was a common expression among the many customers at our opening. "Nobody seems to have a STOCK OF BUGGIES," but when they saw the fine display on our sample floor and found exactly what they wanted it was no trouble to close a deal. We had a nice business and still have on hands a complete line of buggies, and everybody that is thinking of buying a buggy this spring will find what they are looking for on our sample floor.

You don't have to buy what the other fellow has carried over; you can find just what you want if you will come to the right place. Try this plan ONCE, insist on getting what you want in the vehicle line.

Prevailing Colors And Shapes For Spring And Summer Wear Displayed

In the pretty settings that had been created in each of the millinery stores for their annual spring openings, which began today, the lovely summer creations in the millinery line made an especially good showing. Nashville ladies thronged throughout these bowers of fashion, where the latest and prettiest of the spring models were exhibited. In each of the shops, decorations and colors harmonizing and blending with the prevalent millinery tones on exhibit were used. The prevailing modes would be hard to

define. There are the lovely big summer hats, with broad rims and flat trimming; there are the semi-dress hats attractive with an abundance of brightly colored ribbon in bewitching bows; and there are the chic spring shapes and sailors, more tailored, but none the less attractive. Rose, grey and various shades of blue prove to be the most popular in all the styles.

At the Neutzelhelzer Shop, huge palms were in the show windows, setting off the pattern hats that were very attractive. A pretty line of the artificial flowers that are predicted to be popular this year, as well as a beautiful display of spring models were shown. Black and white, the popular combination, was used in decorating the Davis Millinery Store for the display. With strands of crepe paper of these colors, a lattice work was interwoven above the shelving. The hats were on black and white hat stands and a huge striped hat box, tied with a cerise ribbon was in the show window, where picture hats in different tones of pink and the rose shade were displayed. Flower baskets also hung in the window, and palms and lilies aided in the beauty. Banks of pink potted flowers and palms, from behind which strains from the Edison floated, filled the corners of the room. An extensive line of the new shapes was being shown. The becoming and quaint poke bonnet shapes and styles that have been made popular by the southern maids were shown for summer wear.

Tiny French baskets, filled with flowers that suggested the new shades to be used in the millinery wear for this and the coming season, were everywhere in evidence at the opening at the Plough Millinery Store. Topping the posts which separate the booths, where the ladies were seated, were these cunning baskets, which were also placed along the ledge. The lights were partly concealed with flowers, which, too, framed the mirrors and were twined about the hat stands, on which the latest in colors and shapes were shown. From a flower covered hat box, on which a parasol rested, harmonizing with the airy summer hats that the show window contained, flowers and blossoms were tumbling. The new summer sets, of braid hats with a bag to match were shown here too.

With a background of white, the show window at the Dixon Millinery Store was made attractive with greenery, box wood plants, lilies and roses, in the midst of which a Leghorn hat, in Hague blue was shown. Grafonola music from behind the bank of greenery entertained the ladies who were shown the latest in the small spring styles and the larger summer picture hats. In the pretty floral setting, the dainty new shades looked more than attractive.

The opening which began at the Cosand Millinery Store last week, continued throughout this week. An extensive display of the many new shapes, sizes and shades has attracted the lovers of the latest in a millinery line as well as fashion itself. Miss Agnes Winston, although she is announcing no formal opening, is showing a number of new shapes, flowers and ribbons all the time.

A Low Spreader With Plenty of Clearance

YOU will notice at once on seeing the Low 20th Century spreader how low the box is. The top of the box is only 43 inches from the ground. This point is valuable. The waist-high box will save you all of the hardest work of loading because the real strain of pitching manure comes in lifting it above the waist line.

Still there is ample clearance underneath for work in rough fields and soft yards. And you will have no trouble because of lack of traction. The drive wheels of the Low 20th Century are well under the load, supporting the greater part of it. This position of the rear wheels also lightens the draft. A third point is that it does away with the tendency to sag that would be present if the box were suspended between front and rear axles.

Drop in at the nearest dealer's where you can see the Low 20th Century—a trouble-proof, sure-satisfaction spreader.

International Harvester Company of America

UP-TO-NOW IN DESIGN

Designs as shown by some firms are more or less freakish or fadish to attract the attention of the prospective customers with scarcely a thought of their wearing appearance or correctness in proportion. But then they are merely on paper and represent but a small loss if they don't take.

We have faith in our ability as rational designers and as proof we show at our works a most complete selection of ready to erect monuments designed by our nationally recognized designer, Mr. A. H. Schrichte. J. B. SCHRICHTE SONS MONUMENTS 117-121 S. MAIN ST.

Change of Ownership

We, the undersigned have purchased the Belgian Stallion, weighing 1900 pounds, of the Cummins Company. Will make the season at Orville Biggs farm, 4 miles south of Raleigh, for \$12.50 to insure.

Thin Women Surprised

And one day there comes to most of us the conviction that we, too, must have help—help that rebuilds, restores, replaces the nervous energy that has been so recklessly expended.

It is then that the kindly, tonic influence of Tonoline is appreciated. For after all, that need of help is often but the nerves' need of nourishment.

And when Tonoline brings to the starved cells and tissues the very foods they hunger for, in just the form that is mostly easily taken up, it is not long before relief comes.

We are receiving letters daily from grateful people telling how Tonoline has reconstructed cell and tissue, enriched the blood, produced keener appetite and better slumber and infused the whole system with new vigor.

Prof. B. writes: "I have gained 50 pounds since taking Tonoline and am now at just the weight I desired to be. I can recommend Tonoline to any thin person."

For women who can never appear stylish in anything they wear because of their thinness this remarkable treatment may prove a revelation. It is a beauty maker as well as a form builder and nerve strengthener.

MEETING CALLED OFF

The meeting of the grand jury scheduled for Wednesday has been postponed on account of the illness of Prosecutor Stevens, who is suffering from mumps. The grand jury will now meet one week from Friday.

ANOTHER RUNAWAY BOY

Chief Yakey received word from Shelbyville last night to look for another runaway boy from that city, who left with the intention of joining the army. The boy is fifteen years. No trace was found of him here.

TO BAR GERMAN STUDENTS

Bill Would Prevent Endowments at Oxford if Passed.

(By United Press.)

London, March 28.—A bill has been introduced in Parliament to change the conditions of the Rhodes Scholarship Trust so as to eliminate endowments for German students at Oxford.

There were 15 of these scholarships provided by the late Cecil Rhodes, of 250 pounds (about \$1,250) each, nominations to be made by the Kaiser. The endowments, like those to American students, were made in the belief that "a good understanding between England, the United States of America and Germany would secure the peace of the world, and that educational relations form the strongest tie."

The move to undo Rhodes' work is a tacit admission that, so far as Germany is concerned, his idea, generous as it was, was mistaken.

Physicians' Prescription For Rheumatism

Business and professional men of large means who have taken expensive baths at famous resorts and have spent money lavishly to rid themselves of the tormenting agony of rheumatism have turned to Rheuma and got well.

When Rheuma goes in, poisonous secretions go out. No opiates or narcotics are used. Rheuma drives out the cause of rheumatism and speedily brings comfort and health, and most druggists will admit it.

Two bottles of Rheuma will cost you a dollar of F. B. Johnson's drug store or any druggist, and if this purchase does not bring you the freedom from pain and misery you expected, your money is waiting for you.

Kill Germs and Save Human Life

The menace of militarism, the horrors of war and the toll of death taken in all frightful accidents is as nothing compared to the danger of unseen deadly germs.

Even in war itself the toll of human life taken outright by the whizzing bullet, the bursting shrapnel, or the piercing steel is less than that caused by the unseen deadly germs that attack the wounded and well alike.

Human life will be lengthened and human happiness increased when we learn better to guard ourselves against the danger of the ever present germs of disease.

Powdered Boric is one of Nature's most wonderful gifts to man, for it enables us, through antiseptics, to ward off the danger of infection.

Owing to its wonderful antiseptic properties it cannot be too highly recommended for liberal use in the care of persons wherever and whenever exposed to the germs of disease.

Pure powdered boric may be used with absolute freedom and safety in all the natural cavities of the body. To realize how healing it is, yet how safe, we have but to recall that the physician almost always prescribes it as the principal ingredient of an eye water.

The manufacture of powdered boric has been brought to such a high degree of efficiency by one concern that if we always remember to specify "20 Mule Team Powdered Boric" we know that we have the real article in full strength.

On every package of 20 Mule Team Powdered Boric will be found directions for its multitude uses and the expense is so little that no one should ever be without it.

A solution of 20 Mule Team Powdered Boric in water makes an absolute and positive antiseptic for all personal use. It is excellent for a shampoo, for it kills the germs which makes the dandruff that spoils the lustre of the hair and causes it to fall out and cease to grow.

It should be used as a mouth wash on account of its antiseptic qualities whenever there is the slightest danger of having been exposed by being brought in contact with persons suffering with colds, sore throats, etc.

To overcome the unpleasant effect consequent upon excessive perspiration the use of 20 Mule Team Powdered Boric will give great satisfaction, making everything sweet and clean and healing any abrasion that may have occurred.

A hot foot bath with a liberal quantity of 20 Mule Team Powdered Boric will make the feet feel ten years younger.

For the baby a liberal dusting with 20 Mule Team Powdered Boric not only assures freedom from chafing but helps to maintain an antiseptically clean condition on the little body.

To any cut or abrasion 20 Mule Team Powdered Boric should be freely applied.

20 Mule Team Powdered Boric is a foe to germ life.

It should be on the dressing table of every dainty woman and liberally used in every household where health is prized.

Authorized representative will soon call at your home and make arrangements for you to obtain, FREE, a full size package of 20 Mule Team Powdered Boric from any of the following druggists:

Wednesday

Band of Workers, in the parlors of the First Presbyterian church in the afternoon.

Ladies Aid society of the First Baptist church, in the afternoon.

Tuesday Afternoon Bridge, with Mrs. Clarence Cross at 830 North Perkins street in the afternoon.

Penny supper, at Red Men hall given by Mahoning council from 5 until 7 p. m.

The members of the Grand Club will be entertained on Thursday afternoon at the home Mrs. A. L. Riggs in North Perkins street.

The Band of Workers of the First Presbyterian church will give an Easter market and apron sale on Saturday, April 22nd.

Mrs. C. M. Yocum, Mrs. Jess Pugh, Mrs. Clark Stough and children saw "The Birth of a Nation," in Connersville this afternoon.

In the spacious Red Men Hall, the Penny Supper to be given by the members of Mahoning council tomorrow evening will be especially pleasant. Extensive preparations are being made to accommodate the visitors, and everyone is invited to attend. Supper will be served from 5 until 7 p. m.

A postal card shower was given Mrs. Boo a Gilson yesterday in honor of her birthday anniversary. She was the recipient of a number of letters and gifts also.

The Ladies Aid society of the St. Mary's Catholic church will meet on Thursday afternoon with Mrs. Frank Abercrombie, of West Fourth street, who will be assisted by Mrs. Jacob Schantz.

The most elaborate dance in the series being given by the Knights of Pythias in their hall will be the one Thursday evening of this week. Plans to decorate the hall appropriately for the event are being made and Mitchell's three piece orchestra will play for the affair.

Deviating from their regular custom, the members of the Coterie Club, when they were entertained by Mrs. C. M. George yesterday afternoon did not have a regular program but enjoyed a charming social time together instead. Nine members gathered to participate in a pleasant afternoon together, while the hostess served a tempting repast at the close of the affair.

OYSTER SUPPER

At their pretty country home near the city, Mr. and Mrs. Claude Hilligoss entertained last evening with an oyster supper. Following the repast, Rook and music amused the guests with a lively zest. In the company were Mr. and Mrs. Will Hasty and children, Mr. and Mrs. Calvin Hungerford, Mr. and Mrs. Jesse Hungerford and family, Miss Ethel Coers and Herman Downs.

Mrs. Nellie B. Hall, the great Pocahontas of the order of Pocahontas, spent a few hours here yesterday afternoon with Miss Anna Gilson and Mrs. Mary Schropshire. Mrs. Hall was on her way to Shelbyville from Connersville.

Mr. and Mrs. J. L. Rich of west of Raleigh had several guests Sunday evening, when a delicious supper was served and a pleasantly informal evening was spent. The guest list included Mr. and Mrs. Eli Martin, Mr. and Mrs. J. L. Nipp and Mr. and Mrs. Ralph Miles.

THEATRE-GOERS

Among those who attended "The Birth of a Nation" in Connersville last evening were Mr. and Mrs. Willard Amos, Mr. and Mrs. Walter Duke, Mr. and Mrs. John Walker, Mr. and Mrs. Bert Davison, Mrs. Lou Weeks, Miss Mary Jackson and Mrs. W. T. Jackson.

PARTY IN GREENSBURG

Invitations have been received here by a number of Rushville ladies for the third in a series of parties being given by Mrs. Louis Zoler and Mrs. Thomas Davidson of Greensburg, both of whom have a number of friends in this city as a result of their visits here. Those invited to this affair on Friday are Mrs. Frank Wilson, Mrs. Channcey Duncan, Mrs. J. C. Sexton, Mrs. D. C. Green, of Salt Lake City, Mrs. A. L. Riggs, Mrs. Guy Abercrombie, Mrs. Phil Wilk, Mrs. Donald Smith, Mrs. Claude Cambern, Mrs. Will E. Havens, Mrs. T. W. Betker, Mrs. Theodore Reed, Mrs. Will M. Sparks and Mrs. Robert L. Tompkins.

The Pythian Sisters will have a called meeting this afternoon at 7:30 p. m. All the business that would come before a regular meeting will be brought up and a large attendance is desired.

BOWLING CLUB

The first meeting of the first bowling club organized here will be held this evening at the bowling alleys. The congenial crowd that comprises the organization anticipates a jolly evening together. Members of the club include Mr. and Mrs. Lote Carter Mr. and Mrs. W. O. Fiedner, Mr. and Mrs. Norm Norris, Mr. and Mrs. Howard Mahin, Mr. and Mrs. Ed Pitman, Dr. and Mrs. Charles Green, Mr. and Mrs. Charles Offut, Mr. and Mrs. Walter Easley, the Misses Jennie Ruddle, Bertha Monjar and Hettie Retherford and John Worthington, and Charles Stiffler.

WITH LIFE MEMBERS

The life members proved to be royal little hosts and hostesses last evening when they entertained the members of the Young Ladies Mission Circle at the home of Deryl Case. An excellent program composed of musical numbers and recitations, was given by Miss Della Downey, Mrs. Russell Barringer, Mary Elizabeth Waggoner, Virginia Lucas, Mildred Boys, Viola Jay, Cyrus Yocum, Graham Pugh, and Donald Dean. The life members assisting in dispensing hospitalities were Mildred Boys, Viola Jay, Cyrus Yocum and Deryl Case. The program was followed by a delightful social hour together when refreshments were served.

BIRTHDAY DINNER

Miss Ruth Owen, daughter of Mr. and Mrs. Charles Owen of Orange township entertained at a twelve o'clock dinner Sunday in honor of her seventeenth birthday anniversary. The guests included the sophomore and junior classes of the Moscow high school. After a pleasant afternoon together, the hostesses, for Miss Owens was assisted by her cousin, Miss Erma Tevis, served light refreshments to the amiable crowd that included the Misses Iva Comely, Edna Hoban, Zella Hungerford, Laree Gerard, Margaret Hurst, Paye and Fern Seull, and Morris Fessler, Merl Piper, Ora Cameron, Elmer Comely, Loren Harcourt, Ralph Willey, Herbert Hoban, and Paul and Chester Gosnell.

SOROSIS CLUB

The Sorosis Club, which has been enjoying such excellent programs this year met with Mrs. C. M. George this afternoon at her home in North Main street. For the sixteen members who gathered to enjoy her hospitality, the following program was given:

Eugenics—Mrs. Walther.
The Business of Being a Woman—Mrs. Britt.
Selected oral subject—Mrs. J. T. Paxton.
Responses to the roll call were given by each of the members giving her opinion on some live subject of today.

The program aside from being helpful was an interesting one. It was followed by the service of dainty refreshments, during which time the ladies enjoyed a delightful social chat.

FAVORITE COMPOSERS

Selections by favorite composers composed the program given at the Ladies Musical given at the home of Miss Frances Frazee yesterday afternoon, with Mrs. Francis Moor as leader.

The following program occupied the greater part of the afternoon for which about twenty-five members of the organization were present:
Piano solo—4th Mazurka—Miss Anna Poundstone.
Violin solo—Hungarian—Miss Leona Thoatins.

Quartette—Doan Ye Cry, Ma Honey—Mrs. Frank Wolcott, Miss Wanda, Wyatt, Mrs. Francis Moor, and Miss Leonora Norris.
Vocal solo—The Rosary—Miss Ruby Willis.

Piano solo—Ace's Death—Miss Minnie Tribbey.
Violin solo—La Serenata—Miss Leona Thomas.

Vocal solo—Mother Machree—Mrs. Francis Moor.

Reading—Miss Frances Frazee.

Vocal solo—Mrs. Roy MacGill.

Piano solo—Sonsbrions—Miss Mary Smith.

Vocal solo—Miss Wanda Wyatt.

Mrs. Frank Wolcott, the president, presided over the business meeting.

which followed the program, when plans for the request program to be held May 8th, were discussed.

Word has been received here that Mrs. Emma Lee, formerly Miss Emma Lakin of this city, underwent an operation yesterday in Indianapolis.

The Knights of Pythias will have another dance Thursday, Mar. 30th. Mitchell's orchestra. Price \$1.00. All Knights are invited to attend.

HOW APPENDICITIS

CAN BE PREVENTED

Rushville people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, often relieve or prevent appendicitis. This simple mixture removes such surprising foul matter that ONE TEASPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A short treatment helps chronic stomach trouble. Adler-i-ka has easiest and most thorough action of anything we ever sold. F. E. Wolcott, Druggist. (Advertisement.)

DON'T NEGLECT KIDNEYS

Swamp-Root, Dr. Kilmer's Prescription, Overcomes Kidney Trouble

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

The kidneys should receive some assistance when needed. We take less exercise, drink less water and often eat more rich heavy food, thereby forcing the kidneys to do more work than nature intended. Evidence of kidney trouble, such as lame back, annoying, brickdust or sediment, sallow complexion, rheumatism, maybe weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root. There is nothing else like it. It is Dr. Kilmer's prescription used in private practice and it is sure to benefit you. Get a bottle from your druggist.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton N. Y., for a sample bottle. When writing be sure and mention the Rushville "Daily Republican."

(Advertisement)

Amusements

The Gem will show the third episode of "The Girl and the Game," for the first picture tonight. Helen Holmes is featured as usual. One of the thrilling scenes in this picture is the burning of a train. The other picture is a drama entitled "The Country Girl," Neva Gerber and William Carroll are featured. Tomorrow night the feature picture, "The Tragic Circle" will be shown in which Harold Lockwood is featured.

The Mystic offers the feature picture, "Inspiration" for the program today. Audrey Munson, the most beautiful model in the world is featured. The picture tells her life story of how she won fame as a model. A continuous performance will be shown.

The Princess will show the three act feature "The Secret Seven" for the program tonight. Rose, Tapley, Leo Delaney and Carolyn Birch are featured. It is a story intermingled with society life and Italian quarters. Tomorrow the third installment of "The Strange Case of Mary Page" will be shown. On Thursday matinee and night the big feature, "The Battle Cry of Peace" will be shown. "The Battle Cry of Peace" is a call to arms. Some idea of the size of the offering is gained when it is said that in support of the company there was introduced 16,000 national guards, 800 G. A. R. members, 5,000 horses and seventeen aeroplanes, with Zeppelins, sea planes, submarines and battle ships. It attempts to show how New York City and the entire United States within a period of a few short weeks could be made subject to an alien invading host. There is a series of thrilling pictures of the siege of New York, showing bombardments from land and sea and sky; the Wall street district in flames a conquering army marching through the streets and the dynamiting of public buildings, to say nothing of a score of other sensational happenings. There will be two performances at night and two matinees. The night performances start at 6:45 and 9:15.

CARD OF THANKS
I wish to thank the friends, neighbors, the Century Bible class, Dr. Gilbert's class, the Rev. C. M. Yocum and Mr. Wyatt, for their kindness during the recent illness and the death of my wife.

SUFFS TO KNOW STANDING TODAY

Will Learn Whether Susan B. Anthony Amendment is Dead or Alive—Want Vote Taken.

CARLIN SAYS BILL IS DEAD

But They Are Champion Optimists and Declare They Are Still in the Fight.

(By United Press.)
Washington, March 28.—Today's the day America's millions of suffs and anti-suffs are to learn whether the Susan B. Anthony suffrage amendment to the federal constitution, which Representative Carlin of Virginia officially dubs "Cock Robin," is dead or alive.

"We've killed Cock Robin," was Carlin's succinct comment recently as he emerged from a sub-committee meeting of the House Judiciary committee, which was to decide whether "Cock Robin" should fly on through the halls of congress to possible victory, or die at the hands of the sub-committee's "bow and arrow."

"Not so," said the suffs; and scurried about to get another vote on the bird, saying they believed "C. R.'s" enemies on the sub-committee had tried to do away with him in the absence of his sub-committee friends. Today Cock Robin, pronounced by officialdom to be dead; and his lady friends, the Suffs, who simply won't believe it; and the August Keepers of the Shroud, the House judiciary committee members—all met today to decide if a post-mortem or something of the order.

If Cock Robin—otherwise the Susan B. Anthony suffrage amendment—is found dead, there'll be no necessity of voting on him, of course, until after the next general election. But if he's alive, 21 solemn and enduring aye and no votes must be cast and recorded over him. Speaking plainly, if the amendment comes to a vote in the committee, all the committee members will have to go on record. And later, of course, so all his friends and enemies in the House.

"Well, we've killed Cock Robin," meant that the suffrage amendment was dead this session and that the Suffs need not bother members about it any more until after the next election.

But the Suffs are champion optimists. They refused to believe their old friend dead. Suspended animation was the most they could be persuaded to. So they got Representative Williams of Illinois—who has his eye on the governorship of a state where the women vote—to ask for a re-consideration.

Today is the day set for a test of strength on this question. Reconsideration.

Today is the day set for a test of strength on this question. Reconsideration of not—resuscitation or a confirmation of death—that was the question.

Women have learned a half dozen new dodges by which members evade votes; and congressmen have learned at least as many ruses by pretty women to find out their feelings, and whether they'll be able to vote at certain times, since the pronouncement of "Cock Robin."

Notice of Final Settlement of Estate.

Notice is hereby given to the creditors, heirs and legatees of John P. Smelser, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 30th day of March, 1916, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved and said heirs are notified to then and there make proof of heirship, and receive their distributive shares. Witness, the clerk of said Court, this 6th day of March, 1916.

ARIE M. TAYLOR,
Clerk Rush Circuit Court.

A. L. Gary, Attorney.

POULTRY PROFITS

YOU can make money hatching chicks if you will do it with System

YOU have good eggs or can get them—you can spare a few minutes in the morning and evening—now then, you want a good hatcher. Such a combination will make money for you—and make it easily. The

BOWERS ECONOMY HATCHER

is in our store for you to inspect. Don't buy a Hatcher by catalogue, you don't know what you're buying. A poor Hatcher means not only the loss of the money that you invest in it, but the time you spend and the good eggs you waste. The disappointment, too, is worth a lot.

Right Principles in Designing and Building

mean everything in a Hatcher. See them, have them demonstrated to you, before you pay out your good money. Here are a few of the reasons why we have arranged for the exclusive agency for the BOWERS ECONOMY HATCHER:

(a) Made mostly of galvanized sheet steel, brass and copper, which makes it non-corrosive, non-rustable, non-inflammable. (b) Light weight—easily handled and operated. (c) Special ventilating system in bottom of Hatcher to allow escape of gases. (d) Sand-tray in bottom of Hatcher to keep eggs in correct degree of moisture. Requires no attention. (e) Specifically designed instruments for accurately regulating, controlling and indicating temperature. (f) Requires little time. (g) Costs little. (h) Special circulation system which saves fuel. (i) Reputable—known and conclusively proven to be the best. Step into our store at your first chance and let us show you these Hatchers.

House Insurance For Business Men

This is the day of Insurance — Insurance against Death, Accident, Sickness, Fire and Decay transfers hazard into security. A few gallons of Sherwin Williams Paint if used according to directions insures your house for years against the hazard of wind, rain, sleet and decay. SHERWIN WILLIAMS PAINT is the old time insurance policy of 90 per cent of the world's greatest railroads and corporations. Specify and demand it because of the low eventual cost is their criterion of value and their cheapest insurance.

Just two things to look for—the color and name of manufacturer, as you can't possibly see the absolute quality and service that is built in the can.

We do Contract Work - Let us figure with you.

QUALITY COUNTS

more in painting than almost anything else about a building. Cheap paint and cheap labor mean a cracking and a scaling surface in a short time, that costs very much more to repaint than it ought. Cheap painting means inadequate protection against the weather. Can you afford to lessen the life of your building by seeking cheapness as the main thing? When we do the painting we use the best materials; employ competent labor and PAINT TO STAY PAINTED. It costs only a little more; but there's a reason.

Mauzy's for Carpets

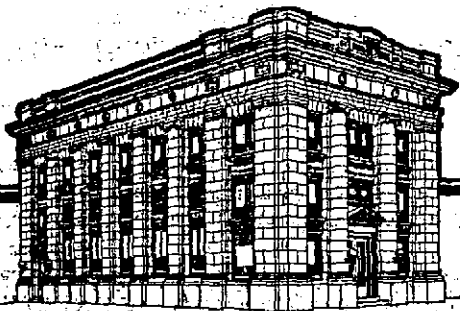

has been a common expression for half a century. This splendid reputation has been built by the distribution of good honest merchandise at moderate prices; and each succeeding year it is our purpose to uphold and improve that high standard. Quality is at all times our first consideration, and in spite of conditions in the manufacturing field, high quality is still the outstanding feature in our display of floorcoverings. Few concerns in Indiana devote as much space to the display of furnishings for the floor, nor afford you the choice of such a range of patterns and colors. At this season of re-arranging and refurnishing, let us assist you with our immense stock.

¶ To see our Rugs, you would think we had provided one for every person in Rush County, there are so many of them. The makes are those that America is proudest of, and include the finest grades of Wilton, Velvet, Axminster, Body Brussels, Tapestry, and Fibre. Every size rug that is made is on our floor. ¶ Many people today are preferring to cover their entire floors with carpet, and for them we have provided many patterns of Velvet, Axminster and Brussels carpets, that are carried in stock, ready for immediate delivery to you. Then there are scores of rolls of ingrain carpets and fillings that are priced to please you. ¶ Linoleums in a multitude of patterns and in all widths and in both printed and inlaid qualities are ready for your choosing. We make a specialty of fitting your windows with hand-made oil opaque window shades, mounted on Hartshorn rollers, that are guaranteed to give satisfaction. ¶ Perhaps you are weary of reading about future high prices, occasioned by the war, but take our advice and buy NOW

Shoes for the Boy

The next time "Little Johnnie Comes Marching Home" with his shoes all worn out, don't scold him. It isn't his fault. If you had bought them of us you would not have to be buying him a new pair every few weeks. Our boys' shoes are next to cast iron and stand abuse and hard knocks and yet they are stylish and comfortable. THE PRICE IS REASONABLE, TRY A PAIR.

Special prices given on 5, 10 and 15 gallon lots

CLAUDE ADAMS, Prop.

VARIED WEATHER MENUE OFFERED

Continued from Page 1.

wind, thunder, rain and hail will break out in most sections of the county, being in transit from west to east for two or three days. We forecast much clashing of boreal and equatorial forces at this time, giving rise to many tornadoic developments, enormous downpours of rain and hail, all winding up with a very heavy barometer, cold northerly and frosty nights.

A reactionary storm period is central on the 24th, 25th and 26th. Very warm days will immediately precede the storm center, but sudden change to very cool, within a few hours, will follow the storms, bringing the temperature down, almost or quite to the frost line, northward at night.

A regular storm period, having its center on May 1st, and extending from April 28th to May 4th, will be in transit as we approach the end of the month.

Much of the electric viciousness of the Venus equinox will express itself at this period.

CASE DRAGS SLOWLY

Judge Sparks in a letter to Clerk Taylor this morning stated that the Hinshaw trial over which he is presiding at Noblesville, is progressing slowly but believed that the state would complete its case by tonight or Wednesday night.

J. W. Tompkins remains in a serious condition at his home.

DOCTORS O. K. NIGHT AIR

Urge Sleeping With Windows Open

If you want red cheeks in the morning have your bedroom windows well open all night—thus do the modern physicians dispose of the old superstition about the miasma of night air. Fresh air and open bowels are the first and foremost health rules. If nature needs assistance in the shape of a laxative use the natural, vegetable laxative—castor oil, the doctors first thought in all stomach and intestinal disorders—it not only removes the cause, but heals at the same time.

This may now be had in jellied form and deliciously flavored. Ask for Covington's CASTOR-JELL. On sale at Frank Wolcott's drug Store. Castor Products Co., Cleveland, Ohio.

The Season's Choicest Styles

At Prices that do Not Admit of Duplication

In making your selection for the Spring and Summer season, we want you to feel at liberty to inspect our showing even if you do not buy. We invite comparison elsewhere.

We Went to Unusual Pains

To maintain our Ready-to-Wear Department's reputation for variety, quality and practicability of styles this season. You will find our stock forever bright and new. It is with pride that we assure you that no matter what price garment you select, you will find here only real tailoring and strictly 1916 styles.

The Garments You Will Find Here Are Perfectly Made

If they weren't they would not be in this store. No matter how low in price, quality must always be in keeping with our store's policy.

Why Buy Summer Wash Fabrics Now?

In answer to this natural question, let us emphasize the fact that early selection of wash fabrics affords a wider and more satisfactory choice of styles than will be found at any other time during the year.
